

## Prices\* for Pre-Entrance Immunization Requirements –Fall 2008

*Some routine vaccinations may be covered by your pre-existing health insurance. At Student Health, we are unable to bill your insurance. We will ask you to pay cash and you may take that receipt and submit it to your outside insurance carrier for reimbursement or you can have them administered at an outside physician's office who can then bill your insurance. If you plan on having your pre-entrance requirements updated at OHSU Student Health Services, we strongly suggest that you schedule a nurse visit appointment first by calling 503-494-8665, as we are not always able to complete all requirements at a walk-in visit.*
