CROET

Working for a healthy workplace

CROET is the Center for Research on Occupational and Environmental Toxicology at OHSU. Our mission is to promote health and prevent disease and disability among working Oregonians and their families. We do so through basic and applied research, outreach, education, and health monitoring.

CROET seminars

CROET seminars are presented to teach skills and provide practical information about important health and safety subjects. For more information on a particular seminar, see our Web site at www.croetweb.com.

How to learn more about CROET

To learn more about how our research and outreach programs can benefit business and working Oregonians and their families, contact CROET in any of the following ways:

- By mail: CROET
 Oregon Health & Science University
 3181 S.W. Sam Jackson Park Road, L606
 Portland, Oregon 97201-3098
- Telephone: Toxicology Information Center:
 Toll-free: 1-800-457-8627
 503 494-7366
 Fax: 503 494-4278
