OHSLA is an organization of health sciences library personnel. Because membership is by institution, all librarians employed in member institutions are automatically members of OHSLA. Dues are based on the size and operating budgets of participating institutions, and should be received by May 31. Memberships may be purchased with or without a copy of the Union list.

Each year OHSLA publishes a union list of serials held by Oregon health sciences libraries. The list is a paper copy of the SERHOLD data maintained on the world wide web by the National Network of Libraries of Medicine, Pacific Northwest Region (NN/LM, PNR - see <http://www.nlm.nlm.nih.gov/pnr/serhold/> for more information). Payment for paper copies of the Oregon Union list must be received by March 31, 2006. Copies of the union list will be available at the Silver Falls conference in July, or will be mailed to institutions who are unable to send a representative to that conference.

Please give complete updated information about your library's contact information, staff names and email addresses; make your check payable to Oregon Health Sciences Library Association (or OHSLA), and mail the check with a copy of your invoice to:
