

# Curriculum Vitae

Michael Joseph Conlin, MD, FACS

## Education:

Undergraduate: B.A. in Biochemistry  
The University of Texas  
Austin, Texas  
1980-1984

Medical School: Doctor of Medicine  
The University of Texas Health Science  
Center, San Antonio, Texas  
1985-1989

Internship: Surgery  
Oregon Health Sciences University  
Portland, Oregon  
1989-1990

Residency: Surgery  
Oregon Health Sciences University  
Portland, Oregon  
1990-1991

Urology  
Oregon Health Sciences University  
Portland, Oregon  
1991-1995

Fellowship: Endourology  
Jefferson Medical College  
Thomas Jefferson University  
Philadelphia, Pennsylvania  
July 1995- December 1995  
(under the direction of Demetrius Bagley, M.D.)

License: Medicine, State of Oregon  
July 13, 1990

## Board Certification:

1998 Diplomat, American Board of Urology

**Faculty Appointments:**

2004-present Associate Professor, Dotter Interventional Institute  
2001-present Associate Professor, Surgery/Urology  
Oregon Health and Science University  
1996-2001 Assistant Professor, Surgery/Urology  
Oregon Health Sciences University  
1996-present Consultant, Urology  
Portland VA Medical Center

**Other Significant Experience/Employment:**

1977-1980 Competitive soccer tours in Mexico, England, Europe, and  
Scandinavia  
1978-1980 Muscular Dystrophy Association personal care attendant, Dallas,  
Texas  
1981-1982 Resident Assistant and Personal Care Attendant for mobility  
impaired students, University of Texas at Austin  
1982 Resident Assistant selection committee  
1983 Texas Triathlon competition  
1983-1984 Young Life Leader, Austin, Texas  
1984-1985 Research Biochemist, Department of Biochemistry, University of  
Texas at Austin  
1985-1988 Youth group sponsor, Christ Episcopal Church, San Antonio, Texas  
1987 Teaching Assistant, Department of Cellular and Structural Biology,  
University of Texas Health Science Center  
2001 Summer camp doctor, British Columbia, Canada  
2003 Summer camp doctor, British Columbia, Canada

**Research Experience/Interests/IRB:**

1982-1984 Characterization of the glucose dehydrogenase cofactor  
methoxatin, directed by H.S. Forrest, PhD., Austin, Texas  
1984-1985 Development of purification techniques for isolating the newly  
discovered titan class of muscle proteins, directed by K. Wang,  
PhD., Austin, Texas  
1993 BCL-2 oncoprotein expression in the prostate cancer cell lines DU-  
145, LnCap, and PC-3, directed by M.J. Lemmers, M.D., E.J.  
Keenan, PhD., and J.M. Barry, M.D., Portland, Oregon  
1996 "Ultraflex urethral stent for the treatment of bulbar urethral  
strictures," IRB approval. Study not completed, no longer  
manufactured.  
1996 "Endoluminal ultrasound evaluation of ureteral strictures in a pig  
model," animal studies protocol approved, study ongoing.  
1998 "Clinical evaluation of the concentration of cyanide present in  
preoperative and postoperative samples of whole blood and in  
intraoperative samples of effluent irrigant during holmium laser

|      |   |
|------|---|
|      | lithotripsy of uric acid calculi in human patients," a multicenter trial, Study now closed.   |
| 2000 | "A randomized, comparative, post-market evaluation, symptoms and discomfort associated with and indwelling ureteral stent", a multicenter trial, study completed. |
| 2002 | Prospective randomized trial of Rofecoxib for pain prevention after ureteral stent removal.   |
| 2003 | Urethral injury associated with traumatic pelvic fracture: the Oregon experience  |
| 2004 | Sutureless laparoscopic partial nephrectomy in a pig model.   |
| 2004 | Sealing the percutaneous tract after dilation in a pig model.   |

### **Honors:**

|              |  |
|--------------|--|
| 1982-1984    | Recipient of Robert Woods Johnson Foundation grant for biochemical research, University of Texas at Austin |
| 1988         | Recipient of the Estelle Beaumont Ellison Scholarship  |
| 1994         | Elected to A.O.A. medical honor society  |
| 1996         | Winner, best poster of session, AUA annual meeting   |
| 1997         | Pfizer Scholars in Urology Award   |
| 2003-present | Selected as one of "The Best Doctors in America"   |
| 2004-present | Selected as one of the best doctors in Portland, Portland Monthly magazine.                                |
| 2006         | Selected for AUA Leadership Program  |

### **Professional Societies:**

American Urological Association  
 American College of Surgeons, Fellow  
 Endourological Society  
 Oregon Urological Society  
 Oregon Urology Alumni Association  
 Northwest Urological Society  
 Societe Internationale D'urologie  
 Society of University Urologists  
 Urologic Society for Transplantation and Vascular Surgery  
 Western Section, American Urological Association  
 Western Urologic Forum

### **Positions within Professional Societies:**

|                |   |
|----------------|---|
| 1998 - Present | Program Chairman, Oregon Urological Society             |
| 1998           | Program Chairman, Northwest Urological Society          |
| 1998 - Present | Secretary/ Treasurer, Oregon Urology Alumni Association |
| 2005           | Program Chairman, Northwest Urological Society          |
| 2005           | Executive Board, Western Section AUA                    |
| 2006           | Program Committee, Western Section AUA                  |

## **Hospital and Departmental Committees:**

|               |   |
|---------------|---|
| 1996          | Low molecular weight heparin guideline committee                                    |
| 1996          | Regional Lithotripter Services holmium laser review committee                       |
| 1996          | Ad Hoc committee to establish evaluation protocol of patients with acute stone pain |
| 1996          | Ad Hoc committee for regional stone center and lithotripter purchase, PVAMC         |
| 1996-present  | Medical Director, Oregon Kidney Stone Service                                       |
| 1996-present  | Urology residency education committee   |
| 1998          | Consultant, Minimally Invasive Suites Planning Committee                            |
| 1999 - 2001   | Faculty Senate, OHSU  |
| 1999 -present | Residency Advisory Committee  |
| 2000- 2004    | Medical record document imaging committee   |
| 2002- 2004    | Patient safety committee  |
| 2003- present | Ambulatory Services Committee   |
| 2003- present | Ambulatory Management Group   |
| 2003- present | Urology residency program director  |

## **National Committees/ Positions:**

|              |  |
|--------------|--|
| 1997-present | AUA New Technologies Assessment Council        |
| 1997-1999    | AUA Laser Committee                            |
| 1997-present | Reviewer, "Journal of Urology"                 |
| 1997-present | Reviewer, "Journal of Endourology"             |
| 1998-present | Reviewer, "Urology"                            |
| 2002-present | Section advisor, Kidney, "Clinical Evidence"   |
| 2006-present | Journal of Endourology Survey Section Reviewer |
| 2006-2008    | AUA Leadership Program                         |

## **Teaching Activities:**

|               |  |
|---------------|--|
| 1996-present  | Surgery teaching sessions, 3rd year medical students                     |
| 1996-present  | Surgery teaching sessions, physician assistant students                  |
| 1996-present  | Anatomy dissections, 1st year medical students                           |
| 1996-present  | Principles in Clinical Medicine preceptor                                |
| 1997-present  | Instructor, genitourinary examinations, 3rd year medical students        |
| 1997          | Lincoln High School "job shadow" lecture, April 25 <sup>th</sup>         |
| 1997-present  | Transition to Clerkship course for 2 <sup>nd</sup> year medical students |
| 1998          | Lincoln High School "job shadow" lecture, May 28 <sup>th</sup>           |
| 2000-present  | Director/instructor, urology elective for medical residents              |
| 2000-present  | Director/instructor, urology elective for nephrology fellows             |
| 2000-present  | Director/instructor, urology elective for family practice residents      |
| 2003- present | Urology residency program director                                       |

## **Presentations (by Dr. Conlin; resident presentations not included):**

1. "The incidence of acute tubular necrosis in recipients of living-related renal transplantation." Northwest Urologic Society, Seattle, Washington. December, 1991.
2. "Mullerian duct cysts: A case report and review." Western Section, American Urological Association, Maui, Hawaii. October, 1992.
3. "Current results of living-related renal transplantation." Northwest Urologic Society, Vancouver, British Columbia. December, 1992.
4. "Extravesical ureteroneocystostomy for duplicated allograft ureters." Western Section, American Urological Association, Palm Desert, California. November, 1993.
5. "The management of allograft ureteral stenosis." Northwest Urologic Society, Portland, Oregon. December, 1993.
6. "Postoperative cystography in recipients of renal allografts." Northwest Urologic Society, Portland, Oregon. December, 1993.
7. "Extravesical ureteroneocystostomy for duplicated allograft ureters." Pacific Northwest Transplant Society, Portland, Oregon. January 27, 1994.
8. "The management of allograft ureteral stenosis." Pacific Northwest Transplant Society, Portland, Oregon. January 27, 1994.
9. "Postoperative cystography in recipients of renal allografts." Pacific Northwest Transplant Society, Portland, Oregon. January 27, 1994.
10. "The management of allograft ureteral stenosis." Western Section, American Urological Association, Seattle, Washington. August 21, 1994.
11. "The Oregon experience with artificial urinary sphincters." Western Section, American Urological Association, Seattle, Washington. August 21, 1994.
12. "Congenital adrenal hyperplasia." Western Section, American Urological Association, Seattle, Washington. August 24, 1994.
13. "Safe laparoscopic access in pediatric patients." Western Section, American Urological Association, Seattle Washington. August 25, 1994.
14. "In search of the perfect peritoneal dialysis catheter." American Academy of Pediatrics, Dallas, Texas. October, 1994.
15. "Actuarial analysis of artificial urinary sphincter survival." Society for University Urology Residents, San Diego, California, May, 1995.
16. "Nephroscopy in infants." Society for Minimally Invasive Therapy, Portland, Oregon, September, 1995.
17. "Retrograde endopyelotomy in a single setting". World Congress of Endourology, Jerusalem, Israel, November, 1995.
18. "A new device for intraluminal incision using endoluminal ultrasound guidance". World Congress of Endourology, Jerusalem, Israel, November, 1995.
19. Combination Holmium:YAG and Neodymium:YAG laser treatment of upper tract urothelial tumors, American Society for Laser Medicine and Surgery, Orlando, Florida, April, 1996.
20. Ureteroscopic endopyelotomy in a single setting, American Urological Association, Orlando, Florida, May, 1996.
21. Endoscopic ureteroneocystostomy for obliterated segments of ureter, American Urological Association, Orlando, Florida, May, 1996. Winner, best clinical poster of session.
22. A new device for intraluminal incision using endoluminal ultrasound guidance, Western Section AUA, San Diego, California, August, 1996.
23. Endoluminal ultrasound evaluation of upper tract TCCA, World Congress of Endourology, Melbourne, Australia, November, 1996.
24. Balloon dilation of allograft ureteral stenosis: long-term results. World Congress of Endourology, Melbourne, Australia, November, 1996.

25. Ureteroscopic treatment of large upper urinary tract calculi: multicenter experience with the holmium laser in this setting. World Congress of Endourology, Melbourne, Australia, November, 1996. Presented by Dr. Michael Grasso.
26. Treatment of biliary calculi using the holmium:YAG laser. World Congress of Endourology, Melbourne, Australia, November, 1996. Presented by Dr. Akil Das.
27. Endoluminal ultrasound evaluation of upper urinary tract TCCA. Northwest Urological Society, Portland, Oregon, December, 1996.
28. Endoluminal ultrasound evaluation of upper urinary tract TCCA. American Urological Association national meeting, New Orleans, Louisiana, April, 1997.
29. Primary ureteroscopic treatment of intrarenal calculi. World Congress of Endourology, New York, New York, September, 1998.
30. Holmium laser treatment of uric acid calculi can produce cyanide. World Congress of Endourology, New York, New York, September, 1998.
31. Echogenicity of various endourological materials. World Congress of Endourology, New York, New York, September, 1998.
32. Ureteroscopic treatment of upper urinary tract obstruction due to foreign bodies. World Congress of Endourology, New York, New York, September, 1998.
33. Echogenicity of various endourological materials. Western Section, AUA, Kona, Hawaii, October, 1998.
34. Holmium laser treatment of uric acid calculi can produce cyanide. Western Section, AUA, Kona, Hawaii, October, 1998.
35. Stone formation on a fractured Acucise wire. Western Section, AUA, Kona, Hawaii, October, 1998.
36. Primary ureteroscopic treatment of intrarenal calculi. Western Section, AUA, Monterey, California, September, 1999.
37. The safe performance of antegrade and retrograde endopyelotomy using endoluminal ultrasound: A multicenter experience. AUA, Atlanta, Georgia, April, 2000.
38. Results with selective management of ureteropelvic junction obstruction. AUA, Anaheim, California, June, 2001.
39. Should we use hydrophilic coated stents in patients with urinary tract infections? A study of bacterial adhesion to different stent materials. World Congress of Endourology, Sao Paulo, Brazil, September, 2000.
40. Results with selective management of UPJ obstruction. World Congress of Endourology, Sao Paulo, Brazil, September, 2000.
41. Results with a prototype next generation actively deflectable flexible ureteroscope: the DUR-8. World Congress of Endourology, Sao Paulo, Brazil, September, 2000.
42. Improved ureteroscopic access to the lower pole: results with a prototype flexible ureteroscope incorporating active secondary deflection. World Congress of Endourology, Genoa, Italy September, 2002.
43. A comparison of opening strength of stone baskets. AUA, Chicago, Illinois, May, 2003.
44. Ureteroscopic treatment of calyceal diverticular calculi. World Congress of Endourology, Montreal, Quebec, September, 2003.
45. Minimally invasive treatment of UPJ obstruction: A metanalysis. World Congress of Endourology, Montreal, Quebec, September, 2003.
46. Use of Bioglue for laparoscopic partial nephrectomy. Western Urologic Forum, Scottsdale, Arizona, March 3, 2005.
47. Use of Bioglue for laparoscopic partial nephrectomy. Engineering and Urology Society meeting, AUA, San Antonio, Texas, May, 2005.
48. The use of Rofecoxib to prevent pain after ureteral stent removal: a prospective randomized trial. World Congress of Endourology, Amsterdam, The Netherlands, August, 2005.
49. Use of Bioglue for laparoscopic partial nephrectomy. World Congress of Endourology, Amsterdam, The Netherlands, August, 2005.

### **Courses, Invited Lectures, Moderated Sessions:**

1. Faculty member, "Techniques in Ureteroscopy," CME Ureteroscopy course, Durham, North Carolina, October, 1995.
2. "Ureteroscopic Treatment of Ureteral Strictures and UPJ Obstructions". CME Ureteroscopy Course, New York University, New York city, New York, December, 1995.
3. "Ureteroscopic Treatment of Ureteral Strictures and UPJ Obstructions". CME ureteroscopy course, San Diego, California, January, 1996.
4. "Ureteroscopic Treatment of Ureteral Strictures and UPJ Obstructions". CME ureteroscopy course, Cleveland Clinic, Ft. Lauderdale, Florida, February, 1996.
5. "Ureteroscopic Treatment of Ureteral Strictures and UPJ Obstructions". CME ureteroscopy course, Dallas, Texas, March, 1996.
6. "Intraluminal Lithotripsy with the Holmium Laser". Sacred Heart Hospital, Eugene, Oregon, April, 1996.
7. "Evaluation and Management of Urethral Trauma". Northwest Trauma Conference, Gleneden, Oregon, April, 1996.
8. "Ureteroscopic Management of UPJ Obstruction". Circon ACMI exhibit, AUA, Orlando, Florida, May 1996.
9. "Intraluminal Lithotripsy with the Holmium Laser". Coherent exhibit, AUA, Orlando Florida, May, 1996.
10. "Ureteroscopic Management of UPJ Obstruction and Ureteral Strictures". Techniques in Ureteroscopy Course, New York, New York, June, 1996.
11. "Ureteroscopic Management of UPJ Obstruction and Ureteral Strictures". Techniques in Ureteroscopy Course, Madison, Wisconsin, August, 1996.
12. "Ureteroscopic Management of UPJ Obstruction and Ureteral Strictures". Evening seminar, Western Section AUA, San Diego, California, August, 1996.
13. "Flexible Ureteroscopy Instrumentation and Techniques". Postgraduate Course, Western Section AUA, San Diego, California, August, 1996.
14. "Intracavitary Chemotherapy for Treatment of Upper Urinary Tract TCCA". Postgraduate course, Western Section AUA, San Diego, California, August, 1996.
15. "Should we image the crossing vessel at the UPJ?". Postgraduate course, Western Section AUA, San Diego, California, August, 1996.
16. "Intraluminal Lithotripsy". Postgraduate course, Western Section AUA, San Diego, California, August, 1996.
17. Poster session moderator, Western Section AUA, San Diego, California, August, 1996.
18. "Intraluminal Lithotripsy with the Holmium Laser". Roseburg, Oregon, September, 1996.
19. "Future Applications of the Holmium Laser in Urology". Coherent Medical Group, Palo Alto, California, September, 1996.
20. "Ureteroscopic Management of UPJ Obstruction and Ureteral Strictures." Techniques in Ureteroscopy Course, Palo Alto, California, September, 1996.
21. "Ureteroscopic Management of UPJ Obstruction and Ureteral Strictures." Techniques in Ureteroscopy Course, Portland, Oregon, September, 1996.
22. "Clinical Applications of the Holmium Laser". Techniques in Ureteroscopy Course, Portland, Oregon, September, 1996.
23. "Antegrade or Retrograde Endopyelotomy: Which Way Should I Go?" Satellite Symposium, World Congress of Endourology, Melbourne, Australia, November, 1996.
24. "Incisional Procedures," and "Clinical Applications of the Holmium Laser," Techniques in Ureteroscopy Course, Cairo, Egypt, May, 1997.
25. "Incisional Procedures," and "Clinical Applications of the Holmium Laser," Techniques in Ureteroscopy Course, Luxor, Egypt, May, 1997.
26. "Incisional Procedures," and "Clinical Applications of the Holmium Laser," Techniques in Ureteroscopy Course, Udine, Italy, May, 1997.

27. "Incisional Procedures," and "Clinical Applications of the Holmium Laser," Techniques in Ureteroscopy Course, Paris, France, May, 1997.
28. "Incisional Procedures," "Clinical Applications of the Holmium Laser," "Percutaneous Endopyelotomy," "Percutaneous Renal Endoscopy: Access, Preop and Postop Considerations" Techniques in Ureteroscopy Course, Hartford, Connecticut, May, 1997.
29. "Incisional Procedures," and "Clinical Applications of the Holmium Laser," Techniques in Ureteroscopy Course, Kansas City, Kansas, June, 1997.
30. "Incisional Procedures," "Clinical Applications of the Holmium Laser," "Percutaneous Endopyelotomy," "Percutaneous Renal Endoscopy: Access, Preop and Postop Considerations" Techniques in Ureteroscopy Course, Chicago, Illinois, September, 1997.
31. "Incisional Procedures," "Clinical Applications of the Holmium Laser," "Percutaneous Endopyelotomy," "Percutaneous Renal Endoscopy: Access, Preop and Postop Considerations" Techniques in Ureteroscopy Course, Atlanta, Georgia, October, 1997.
32. "Incisional Procedures," "Clinical Applications of the Holmium Laser," "Percutaneous Endopyelotomy," "Percutaneous Renal Endoscopy: Access, Preop and Postop Considerations" Techniques in Ureteroscopy Course, Seattle, Washington, November, 1997.
33. "Holmium Laser Lithotripsy," "Flexible Ureteroscopy," "Endoluminal Ultrasound," Columbia River Region AORN, November, 1997.
34. "Incisional Procedures," "Clinical Applications of the Holmium Laser," Techniques in Ureteroscopy, Ft. Lauderdale, Florida, January, 1998.
35. Visiting Professor, "Flexible Ureteroscopy," "Holmium Laser Lithotripsy," 2<sup>nd</sup> Annual Pan-arab Endourology Congress, Cairo, Egypt, February, 1998
36. "Incisional Procedures," "Clinical Applications of the Holmium Laser," "Percutaneous Endopyelotomy," "Percutaneous Renal Endoscopy: Access, Preop and Postop Considerations" Techniques in Ureteroscopy Course, Columbia, Maryland, April, 1998.
37. "Minimally Invasive Management of Urologic Complications after Renal Transplantation" Combined Transplantation Conference, OHSU, Portland, Oregon, April, 1998.
38. "Flexible Ureteroscopy," "Clinical Applications of the Holmium Laser," Madigan Army Medical Center, Tacoma, Washington, April, 1998.
39. "Incisional Procedures," "Clinical Applications of the Holmium Laser," "Percutaneous Endopyelotomy," "Renal Endoscopy: Access, Preop and Postop Considerations" Techniques in Ureteroscopy Course, Cincinnati, Ohio, May, 1998.
40. "Ureteroscopic Endopyelotomy" Treatment of UPJ Obstruction Course, Portland, Oregon, May, 1998.
41. "Ureteroscopic Endopyelotomy," "Flexible Ureteroscopy," "Clinical Applications of the Holmium Laser," Eugene Urology Journal Club, Eugene, Oregon, May 1998.
42. "Tips for Flexible Ureteroscopy" Booth presentation, World Congress of Endourology, New York, New York, September, 1998.
43. "Percutaneous Nephroscopy, Advanced Tips" Booth presentation, World Congress of Endourology, New York, New York, September, 1998.
44. "Laparoscopic Access," session moderated, World Congress of Endourology, New York, New York, September, 1998.
45. "Prostate Cancer," session moderated, Western Section, AUA, Kona, Hawaii, October, 1998.
46. "Laser Physics and Safety," "Clinical Applications of the Holmium Laser," "Percutaneous Renal Access," "Endoscopic Treatment of UPJ Obstruction and Ureteral Stricture." San Francisco, California, October, 1998.
47. "Ureteroscopy Access," "Endoscopic Treatment of UPJ Obstruction and Ureteral Strictures," and "Ureteroscopic Treatment of TCCA of the Upper Urinary Tract." Postgraduate course, AUA national meeting, May, 1999
48. "UPJ Obstruction and Ureteral Stricture: Endoscopic Treatment." Williamsburg, Virginia, June 11, 1999.

49. Course Director, Northwest Urological Society morning course, "Endourology." December 3, 1999
50. "Ureteroscopy Access," and "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures." Northwest Urological Society Endourology Course, December 3, 1999.
51. "Ureteroscopy Access," "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures," and "Clinical Applications of the Holmium Laser." New York, NY, December, 1999.
52. "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures," "Endoscopic Lithotripsy and Instrumentation," and "Update on Renal Transplantation." Adult and Pediatric State-of-the-Art Course. New York University School of Medicine, New York, NY, December, 1999.
53. "Ureteroscopy Access," and "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures." New Orleans, LA, February 5, 2000.
54. Faculty, Ureteroscopy Course, Buffalo, NY, March 31, 2000
55. Controversies in Stone Management. AUA Postgraduate Course, Atlanta, Georgia, May, 2000.
56. Plenary Session, highlights of basic science session, World Congress of Endourology, Sao Paulo, Brazil, 2000.
57. "Clinical applications of the holmium laser", "Ureteroscopic treatment of ureteral strictures and UPJ obstruction", Vanderbilt University, Nashville, TN, September, 2001.
58. "Clinical applications of the holmium laser", "Ureteroscopic treatment of ureteral strictures and UPJ obstruction", Anaheim, CA, June, 2001.
59. "Ureteroscopy Access," "Ureteroscopic treatment of upper urinary tract tumors" and "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures" AUA Postgraduate Course, Anaheim, CA, June, 2001.
60. "Percutaneous renal access" and "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures", Atlanta, GA, April, 2002.
61. "Percutaneous renal access", "Percutaneous treatment of renal calculi", "Clinical applications of the holmium laser" and "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures", Orlando, Florida, May, 2002.
62. "Ureteroscopy Access," "Ureteroscopic treatment of upper urinary tract tumors" and "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures" AUA Postgraduate Course, Orlando, Florida, May, 2002.
63. "Ureteroscopy, tips and tricks", AUA annual meeting, Orlando, Florida, May, 2002.
64. Plenary Session, highlights of basic science session, World Congress of Endourology, Genoa, Italy, September, 2002.
65. "Percutaneous renal access", "Percutaneous treatment of renal calculi", "Clinical applications of the holmium laser" and "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures", Los Angeles, California, November, 2002.
66. "ureteroscopic treatment of UPJ obstruction", Jefferson University Urology Review, November, 2002.
67. Moderator, "Laparoscopic radical prostatectomy, panel discussion", Northwest Urological Society, Portland, Oregon, December 7, 2002.
68. Moderator, Endourology/laparoscopy scientific session, Northwest Urological Society, Portland, Oregon, December 7, 2002.
69. "Percutaneous renal access", "Percutaneous treatment of renal calculi", "Clinical applications of the holmium laser" and "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures", Puerto Rico, March, 2003.
70. "Ureteroscopy Access," "Ureteroscopic treatment of upper urinary tract tumors" and "Endoscopic Treatment of Ureteropelvic Junction Obstruction and Ureteral Strictures" AUA Postgraduate Course, Chicago, Illinois, May, 2003.
