Patrick Dunn, M.D.	<i>Center for Ethics</i>
Serena Chan, Ben Herring	<i>MS4 Reps</i>
Jennifer Brewer, Mellissa Hoffman	<i>MS3 Reps</i>
Andrew Young, Morgan Ballard	<i>MS2 Reps</i>
TBD	<i>MS1 Reps</i>

PCM is divided into two main components: the **Structured Curriculum** and the **Continuity Preceptorship**. The **Structured Curriculum** occurs each Wednesday afternoon for first-year students and each Tuesday afternoon for second-year students. Subject material includes: behavioral medicine, epidemiology and biostatistics, ethics, health organization and finance, health promotion, occupational medicine, and patient examination. A variety of learning environments are utilized and emphasis is placed on interactive and self-directed learning. The **Continuity Preceptorship** allows students the opportunity to apply the knowledge, skills, and attitudes introduced in the Structured Curriculum — as well as other courses — to the clinical care environment. One half-day per week is reserved for this activity.

REQUIRED YEAR 1 TEXTS:

Spring:	<i>The Anatomy of Hope</i>	Groopman (2004)
All terms:	<i>Mosby's Guide to Physical Examination</i>	Seidel et al (2006)
