

<u>radiographic pattern</u>	<u>diagnostic category</u>	<u>case</u>	<u>diagnosis</u>
abnormal lines and tubes	lines and tubes	25	nasogastric tube in the pericardium
abnormal lines and tubes	lines and tubes	26	mediastinal hemorrhage related to central venous catheter
abnormal lines and tubes	lines and tubes	28	ventilator-related pneumothorax, pneumomediastinum and pneumopericardium
abnormal lines and tubes	lines and tubes	30	feeding tube in pleura
abnormal lines and tubes	lines and tubes	30	nasogastric tube in the pleura
abnormal lines and tubes	lines and tubes	32	right middle lobe Swan Ganz catheter-in
abnormal lines and tubes	lines and tubes	33	superior vena cava perforation by central venous catheter
abnormal lines and tubes	pleural/chest wall	33	superior vena cava perforation by central venous catheter
abnormal lines and tubes	pneumomediastinum	28	ventilator-related pneumothorax, pneumomediastinum and pneumopericardium
abnormal lines and tubes	pneumopericardium	28	ventilator-related pneumothorax, pneumomediastinum and pneumopericardium
abnormal lines and tubes	pneumothorax	28	ventilator-related pneumothorax, pneumomediastinum and pneumopericardium
cardiovascular	infection	43	histoplasmosis pericarditis
cardiovascular	infection	44	fibrosing mediastinitis
cardiovascular	mediastinum	44	fibrosing mediastinitis
cardiovascular	pulmonary vascular	11	pulmonary hypertension and cor pulmonale
cavitation	AIDS	47	pneumocystis carinii
cavitation	AIDS	57	pneumocystis carinii
cavitation	infection	46	invasive aspergillosis
cavitation	infection	47	pneumocystis carinii
cavitation	infection	49	echinococcus infection
cavitation	infection	57	pneumocystis carinii
cavitation	infection	61	aspergillomas
cavitation	infection	64	tuberculosis
cavitation	obstructive pulmonary disease	94	alpha-1 antitrypsin deficiency
cavitation	pulmonary vascular	21	pulmonary infarction
cavitation	trauma	29	laceration, post traumatic
cavitation	trauma	98	hematoma, pulmonary
cavitation	vasculitis	70	Wegener's granulomatosis
diaphragm abnormality	trauma	99	diaphragmatic hernia
diaphragm abnormality	trauma	101	diaphragmatic hernia
fibrosis	infection	64	tuberculosis
fibrosis	inflammatory	19	ankylosing spondylitis
fibrosis	pleural/chest wall	19	ankylosing spondylitis
focal pulmonary opacity	atelectasis	37	bronchogenic carcinoma with post-obstructive atelectasis
focal pulmonary opacity	bronchiectasis	62	allergic bronchopulmonary aspergillosis
focal pulmonary opacity	bronchiectasis	63	allergic bronchopulmonary aspergillosis
focal pulmonary opacity	drug reaction	24	drug toxicity
focal pulmonary opacity	infection	46	invasive aspergillosis
focal pulmonary opacity	infection	61	aspergillomas
focal pulmonary opacity	infection	62	allergic bronchopulmonary aspergillosis
focal pulmonary opacity	infection	63	allergic bronchopulmonary aspergillosis
focal pulmonary opacity	infection	64	tuberculosis
focal pulmonary opacity	infection	67	actinomycosis
focal pulmonary opacity	infection	68	staphylococcus aureus bronchopneumonia
focal pulmonary opacity	lines and tubes	32	right middle lobe Swan Ganz catheter-in
focal pulmonary opacity	neoplasm	23	bronchogenic carcinoma
focal pulmonary opacity	neoplasm	37	bronchogenic carcinoma with post-obstructive atelectasis
focal pulmonary opacity	pneumoconiosis	18	complicated silicosis
focal pulmonary opacity	pulmonary vascular	21	pulmonary infarction
focal pulmonary opacity	pulmonary vascular	22	pulmonary embolism and deep venous thrombosis
focal pulmonary opacity	trauma	98	hematoma, pulmonary
heterogeneous opacity	AIDS	48	Kaposi sarcoma
heterogeneous opacity	bronchiectasis	20	cystic fibrosis
heterogeneous opacity	bronchiectasis	62	allergic bronchopulmonary aspergillosis
heterogeneous opacity	bronchiectasis	63	allergic bronchopulmonary aspergillosis

heterogeneous opacity	congenital	20	cystic fibrosis
heterogeneous opacity	infection	20	cystic fibrosis
heterogeneous opacity	infection	62	allergic bronchopulmonary aspergillosis
heterogeneous opacity	infection	63	allergic bronchopulmonary aspergillosis
heterogeneous opacity	infection	68	staphylococcus aureus bronchopneumoni
heterogeneous opacity	inflammatory	77	Hayman-Rich syndrome
heterogeneous opacity	miscellaneous	73	chemical pneumonitis
heterogeneous opacity	neoplasm	48	Kaposi sarcoma
heterogeneous opacity	normal anatomy, normal variant, and technique	42	low lung volumes
heterogeneous opacity	post-op/post-treatment	81	radiation pneumonitis
heterogeneous opacity	pulmonary vascular	74	pulmonary vein thrombosis
heterogeneous opacity	trauma	27	contusion, pulmonary
heterogeneous opacity	trauma	29	laceration, post traumatic
heterogeneous opacity	trauma	98	contusion, pulmonary
hilar abnormality	bronchiectasis	5	cystic fibrosis
hilar abnormality	congenital	5	cystic fibrosis
hilar abnormality	infection	5	cystic fibrosis
hilar abnormality	infection	10	hilar granuloma
hilar abnormality	infection	65	tuberculosis
hilar abnormality	inflammatory	9	sarcoidosis
hilar abnormality	inflammatory	12	sarcoidosis
hilar abnormality	inflammatory	78	sarcoidosis
hilar abnormality	pulmonary vascular	11	pulmonary hypertension and cor pulmon
lobar/segmental opacity	atelectasis	37	bronchogenic carcinoma with post-obstr
lobar/segmental opacity	atelectasis	76	atelectasis, post obstructive
lobar/segmental opacity	infection	66	mycoplasma pneumonia
lobar/segmental opacity	infection	67	actinomycosis
lobar/segmental opacity	neoplasm	37	bronchogenic carcinoma with post-obstr
lobar/segmental opacity	neoplasm	76	atelectasis, post obstructive
lobar/segmental opacity	pulmonary vascular	74	pulmonary vein thrombosis
lucency, abnormal	bronchiectasis	5	cystic fibrosis
lucency, abnormal	bronchiectasis	20	cystic fibrosis
lucency, abnormal	bronchiectasis	82	bronchiectasis, cystic
lucency, abnormal	bronchiectasis	83	bronchiectasis, cylindrical
lucency, abnormal	congenital	5	cystic fibrosis
lucency, abnormal	congenital	20	cystic fibrosis
lucency, abnormal	esophagus	7	hiatal hernia
lucency, abnormal	foreign body	6	foreign body in the left mainstem bronch
lucency, abnormal	hypopharynx	8	Zenker's diverticulum
lucency, abnormal	infection	5	cystic fibrosis
lucency, abnormal	infection	20	cystic fibrosis
lucency, abnormal	lines and tubes	28	ventilator-related pneumothorax, pneum and pneumopericardium
lucency, abnormal	mediastinum	7	hiatal hernia
lucency, abnormal	miscellaneous	86	Langerhans cell granulomatosis
lucency, abnormal	normal anatomy, normal variant, and technique	41	penetration, over and under
lucency, abnormal	obstructive pulmonary disease	84	emphysema, centrilobular
lucency, abnormal	obstructive pulmonary disease	94	alpha-1 antitrypsin deficiency
lucency, abnormal	pleural/chest wall	4	mastectomy
lucency, abnormal	pneumomediastinum	28	ventilator-related pneumothorax, pneum and pneumopericardium
lucency, abnormal	pneumomediastinum	100	bronchial tear, left mainstem
lucency, abnormal	pneumopericardium	28	ventilator-related pneumothorax, pneum and pneumopericardium
lucency, abnormal	pneumothorax	2	pneumothorax
lucency, abnormal	pneumothorax	3	bilateral pneumothoraces
lucency, abnormal	pneumothorax	27	pneumothoraces, post-traumatic

lucency, abnormal	pneumothorax	28	ventilator-related pneumothorax, pneum and pneumopericardium
lucency, abnormal	pneumothorax	31	bronchopleural fistula or stump dehiscer
lucency, abnormal	pneumothorax	100	bronchial tear, left mainstem
lucency, abnormal	post-op/post-treatment	1	post bullectomy and lung volume reducti
lucency, abnormal	post-op/post-treatment	4	mastectomy
lucency, abnormal	post-op/post-treatment	31	bronchopleural fistula or stump dehiscer
lucency, abnormal	trachea/bronchus	6	foreign body in the left mainstem bronch
lucency, abnormal	trauma	27	contusion, pulmonary
lucency, abnormal	trauma	27	pneumothoraces, post-traumatic
lucency, abnormal	trauma	100	bronchial tear, left mainstem
mediastinal opacity	congenital	53	bronchogenic cyst
mediastinal opacity	congenital	55	bronchogenic cyst
mediastinal opacity	esophagus	7	hiatal hernia
mediastinal opacity	esophagus	50	esophageal carcinoma
mediastinal opacity	esophagus	51	achalasia
mediastinal opacity	infection	65	tuberculosis
mediastinal opacity	mediastinum	7	hiatal hernia
mediastinal opacity	mediastinum	35	mediastinal lymphoma
mediastinal opacity	mediastinum	50	esophageal carcinoma
mediastinal opacity	mediastinum	52	mediastinal lymphoma
mediastinal opacity	mediastinum	53	bronchogenic cyst
mediastinal opacity	mediastinum	54	mediastinal lymphoma
mediastinal opacity	mediastinum	55	bronchogenic cyst
mediastinal opacity	mediastinum	56	thymoma
mediastinal opacity	neoplasm	35	mediastinal lymphoma
mediastinal opacity	neoplasm	50	esophageal carcinoma
mediastinal opacity	neoplasm	52	mediastinal lymphoma
mediastinal opacity	neoplasm	54	mediastinal lymphoma
mediastinal opacity	neoplasm	56	thymoma
nodules, larger	AIDS	45	mycobacterium avium intracellulare and
nodules, larger	infection	43	histoplasmosis pericarditis
nodules, larger	infection	45	mycobacterium avium intracellulare and
nodules, larger	infection	46	invasive aspergillosis
nodules, larger	infection	60	invasive aspergillosis
nodules, larger	infection	61	aspergillomas
nodules, larger	lines and tubes	32	right middle lobe Swan Ganz catheter-in
nodules, larger	trauma	98	hematoma, pulmonary
nodules, larger	vasculitis	70	Wegener's granulomatosis
nodules, small	AIDS	47	pneumocystis carinii
nodules, small	AIDS	48	Kaposi sarcoma
nodules, small	AIDS	57	Kaposi sarcoma
nodules, small	AIDS	57	pneumocystis carinii
nodules, small	bronchiectasis	20	cystic fibrosis
nodules, small	congenital	20	cystic fibrosis
nodules, small	infection	20	cystic fibrosis
nodules, small	infection	47	pneumocystis carinii
nodules, small	infection	57	pneumocystis carinii
nodules, small	inflammatory	78	sarcoidosis
nodules, small	inflammatory	85	sarcoidosis
nodules, small	miscellaneous	86	Langerhans cell granulomatosis
nodules, small	neoplasm	48	Kaposi sarcoma
nodules, small	neoplasm	57	Kaposi sarcoma
nodules, small	pneumoconiosis	16	silicosis
nodules, small	pneumoconiosis	17	silicosis
nodules, small	pneumoconiosis	91	silicosis
normal anatomy	normal anatomy, normal variant, and technique	38	junction lines, anterior and posterior
normal anatomy	normal anatomy, normal variant, and technique	39	pectus excavatum
pleural/chest wall abnormality	infection	72	osteomyelitis of the thoracic spine

pleural/chest wall abnormality	inflammatory	19	ankylosing spondylitis
pleural/chest wall abnormality	lines and tubes	33	superior vena cava perforation by centra
pleural/chest wall abnormality	neoplasm	34	pleural liposarcoma
pleural/chest wall abnormality	neoplasm	36	rib myeloma
pleural/chest wall abnormality	neoplasm	69	bone metastases
pleural/chest wall abnormality	neoplasm	71	Ewing's sarcoma
pleural/chest wall abnormality	neoplasm	93	mesothelioma, malignant
pleural/chest wall abnormality	pleural/chest wall	19	ankylosing spondylitis
pleural/chest wall abnormality	pleural/chest wall	33	superior vena cava perforation by centra
pleural/chest wall abnormality	pleural/chest wall	34	pleural liposarcoma
pleural/chest wall abnormality	pleural/chest wall	36	rib myeloma
pleural/chest wall abnormality	pleural/chest wall	59	breast carcinoma
pleural/chest wall abnormality	pleural/chest wall	69	bone metastases
pleural/chest wall abnormality	pleural/chest wall	71	Ewing's sarcoma
pleural/chest wall abnormality	pleural/chest wall	93	mesothelioma, malignant
pleural/chest wall abnormality	pneumothorax	31	bronchopleural fistula or stump dehiscer
pleural/chest wall abnormality	post-op/post-treatment	31	bronchopleural fistula or stump dehiscer
reticular pattern	AIDS	47	pneumocystis carinii
reticular pattern	AIDS	48	Kaposi sarcoma
reticular pattern	AIDS	57	Kaposi sarcoma
reticular pattern	AIDS	57	pneumocystis carinii
reticular pattern	bronchiectasis	5	cystic fibrosis
reticular pattern	bronchiectasis	20	cystic fibrosis
reticular pattern	bronchiectasis	83	bronchiectasis, cylindrical
reticular pattern	congenital	5	cystic fibrosis
reticular pattern	congenital	20	cystic fibrosis
reticular pattern	infection	5	cystic fibrosis
reticular pattern	infection	20	cystic fibrosis
reticular pattern	infection	47	pneumocystis carinii
reticular pattern	infection	57	pneumocystis carinii
reticular pattern	infection	64	tuberculosis
reticular pattern	inflammatory	19	ankylosing spondylitis
reticular pattern	inflammatory	75	idiopathic pulmonary fibrosis
reticular pattern	inflammatory	77	Hayman-Rich syndrome
reticular pattern	inflammatory	85	sarcoidosis
reticular pattern	inflammatory	90	idiopathic pulmonary fibrosis
reticular pattern	inflammatory	95	rheumatoid lung
reticular pattern	inflammatory	97	scleroderma
reticular pattern	miscellaneous	86	Langerhans cell granulomatosis
reticular pattern	neoplasm	48	Kaposi sarcoma
reticular pattern	neoplasm	57	Kaposi sarcoma
reticular pattern	neoplasm	80	lymphangitic lung metastases
reticular pattern	neoplasm	89	lymphangitic lung metastases
reticular pattern	neoplasm	92	lymphangitic lung metastases
reticular pattern	normal anatomy, normal variant, and technique	40	low lung volumes
reticular pattern	normal anatomy, normal variant, and technique	41	penetration, over and under
reticular pattern	normal variant/technique	88	interstitial lung disease, evaluation of
reticular pattern	pleural/chest wall	19	ankylosing spondylitis
reticular pattern	pneumoconiosis	16	asbestosis
reticular pattern	pneumoconiosis	79	asbestosis
reticular pattern	pneumoconiosis	91	asbestosis
reticular pattern	pneumoconiosis	96	asbestosis
tracheal/airway abnormality	bronchiectasis	87	bronchiectasis
tracheal/airway abnormality	pneumomediastinum	100	bronchial tear, left mainstem
tracheal/airway abnormality	pneumothorax	100	bronchial tear, left mainstem
tracheal/airway abnormality	trachea/bronchus	13	saber sheath trachea
tracheal/airway abnormality	trachea/bronchus	14	tracheobronchopathia osteochondroplas
tracheal/airway abnormality	trachea/bronchus	15	tracheal amyloid
tracheal/airway abnormality	trauma	100	bronchial tear, left mainstem
