Academic Year 2007-2008

Oregon Health & Science University

Definitions

A. Graduate Student

A graduate student is one who holds a degree from an accredited college or university unless such a student is classified as a post baccalaureate, non-graduate student eligible for undergraduate fee status, or is pursuing a course of study leading to the Degree of Doctor of Medicine or Doctor of Dental Medicine.

B. Nonresident Student

A non-resident student is one who fails to meet the *Determination of Residence* requirements of the OHSU Residency Policy.

C. Full-Time Student

A full time undergraduate student is one who is enrolled for at least 12 credits and not more than 18 credits per term. A full time graduate student is one who is enrolled for at least 9 credits and not more than 16 credits per term. This definition applies to all programs.

D. Part-Time Student

A part-time student is one who is enrolled in less than the minimum number of credits per term required of a full-time student (fewer than 12 credits for undergraduates; fewer than 9 credits for graduates).

E. Over-Time Student

An over-time student is one who is enrolled in more than the maximum credits designated for a full-time student (more than 18 credits for undergraduates; more than 16 credits for graduates).

F. Open Enrollment

Enrollment for course credits is available to all qualified students (it is understood that enrollment in particular courses may be subject to certain requirements; e.g., successful completion of prerequisites, grade point average, instructor's consent).

G. Closed Enrollment

Enrollment for credit in courses taught under contract or agreement, whereby student participation is limited under the terms of the contract (usually a sponsored course intended for instruction of individuals designated by the contractor).

H. Self-Support Enrollments

All courses for credit, whether open or closed enrollment, that (as a group) are required to generate sufficient fee income to support the cost of instruction.

I. Employee Tuition Benefit Program

An Employee Tuition Benefit program is available for some OHSU academic programs. A listing of Employee Tuition Benefit eligible programs and the *Application for Employee Tuition Benefit* form are available in the Human Resources Office and also on the Human Resources website.

Students/employees eligible for the Employee Tuition Benefit program must turn in a completed form, with Human Resources verification, to the university Registrar's Office no more than one month prior to the start of the term and no later than the 28th day after the first day of class. There is no refund for Employee Tuition Benefits.

J. Home Institution

A student's *home institution* is the institution to which that student is formally admitted and matriculated *in a degree program*, regardless of where the student is enrolled.

K. Fee Remission

The Fee Remission is a means by which a student's fees are assessed at the prescribed rate and then reduced by being offset by funds from some other source.

L. Mandatory Enrollment Fees

Mandatory Enrollment Fees are those fees that a student is assessed for which the student has no discretion not to pay. Mandatory Enrollment Fees include, but are not limited to: Tuition, Technology or Instructional Aids Fee, Building Fee, Health Service Fee, Major Medical Fee, Incidental Fee and others. There may be differentials for some fees based on residency or some other criteria. Mandatory Enrollment Fees are set by the OHSU Board of Directors.

I. Tuition Policies

- A. These policies apply to both undergraduate and graduate students at all enrollment levels.
 - 1. Tuition is established to provide support for costs of instruction expenditures.
 - 2. Resident and nonresident differentials apply to undergraduate and graduate students.
 - 3. Full-time students are assessed applicable fees at the full-time rate. Part-time students are also assessed applicable fees, which may or may not be prorated by credit hour, based on program requirements.
- B. Students in Self-Support Courses for Credit, Other than Summer Session
 - 1. Self-support tuition and fees will be assessed to participating students regardless of the credit hours carried or fees paid for enrollment.
 - 2. Both open and closed (grant or contract) instruction courses are included in the self-support classifications.
 - 3. Self-support Course Fees are to be established by the institution. Although individual courses may not be self-supporting, the rate of charge must be sufficient to assure that the total program of courses at an institution is self-supporting.
 - 4. No residency classification is required for self-support credit instruction.
 - 5. Staff or any graduate assistant's fee privileges do not apply to self-support courses. Exceptions may be allowed by the institution for courses deemed to have met the condition of self-support.

II. Other Tuition and Fee Policies

A. Health Service and Incidental Fees

After consultation with student associations and other advisory bodies, as appropriate, the Health Service and Incidental Fees will be included in the Academic Year Fee Book.

B. Building Fee

- 1. Full-time students are assessed a Building Fee of \$20.00 per term. The Building Fee for nursing students at EOU, OIT, and SOU are set by those campuses.
- 2. Part-time students are assessed a Building Fee prorated to the credit hours taken per term.

C. Application Fee

- 1. General Policy

An Application Fee will be assessed to all students seeking formal admission to Oregon Health & Science University. An application will not be evaluated until the Application Fee has been received. The amount of the Application Fee varies and is set by the academic program.

2. Other Policies

If a student matriculates at the institution, is not subsequently registered for one or more terms, and then re-enters the same program, a second Application Fee will not be required. Applicants for admission as graduate students will be required to pay the Application Fee, including those advancing from the undergraduate level to graduate standing.

If a student applies to enroll for fall, winter, or spring term of an academic year but delays enrollment until a subsequent term, a second Application Fee will not be assessed if enrollment occurs within that academic year or the summer session following that academic year. If enrollment is delayed until the subsequent academic year, a second Application Fee will be assessed.

The Application Fee applies to prospective international students.

Application Fees are not refundable and cannot be waived.

E. Refund Policy

Refunds may be granted to students in accordance with the refund schedule on file with the university Registrar's Office. This schedule shall be prepared annually. There is no refund for Employee Tuition Benefits. A listing of academic programs not eligible for Employee Tuition Benefit is on file with the Registrar's Office.

Notification of withdrawal or cancellation and requests for refund must be in writing and addressed to the university Registrar. An appeals process for students who believe that their circumstances warrant exceptions to the published policy should submit a letter to the university Registrar. The following uniform refund schedules are established for all schools:

<i>Starting from the Day on Which Classes Begin for the Term:</i>	<i>Percent Refund</i>
Complete or Partial Withdrawal Before the Close of the 11 th Calendar Day After Classes Begin for the Term	100%
Before the Close of the 25 th Calendar Day After Classes Begin for the Term	50%

The refund for course load reduction applies to all students reducing credit hours except for those credit hours within the full-time plateau. Any student with orders to report for active military duty may withdraw at any time during the term and receive a full refund. If sufficient course work has been accomplished and the instructor feels justified in granting credit for the course work completed, credit may be granted and withdrawal proceedings are unnecessary.

F. Institution Fees and Charges

1. Self-Support Instruction, Registration, and Fee Policies

The institution may establish policies for pre-registration and fee assessments for self-support instruction. Such policies and assessments may be established as necessary to improve planning, improve services to students, or to assure that the self-support principle can be maintained.

2. Charges for Services to Non-students

This *Fee Book* does not identify charges for services that are continuously offered to persons other than students.

G. Institution Authority to Adjust Charges

Institution officials may make tuition refunds and waive fines or charges that result from circumstances beyond the student's control or are for the best interest of the institution. Institution Officials may also add and revise fee amounts established herein, for program changes or additions made after the adoption of the *Fee Book* by the Board.

III. Other Fees and Policies

A. Graduate Assistants

Graduate students appointed by the schools of Dentistry, Medicine, and Nursing and paid at established institutional salary rates as graduate teaching assistants, graduate research assistants, or graduate fellows may be exempt from the payment of tuition on the first 16 credits per term, as specified in each school's policies. The graduate student exemption from payment of tuition does not apply to courses leading to the M.D. or D.M.D. degrees. Tuition will be assessed to the employing account or department, not to exceed the graduate resident, full-time student tuition per term. When an assistant is authorized to exceed 16 credits per term, the institution shall charge the assistant the resident overload tuition for the excess credits, based on residency status. The enrollment privilege does not apply to self-support courses.

If an assistant has been on an academic year appointment, serving in that appointment spring term, and the academic program intends to reappoint the assistant in the following fall term, the assistant may exercise the study privilege during the interim summer term

upon approval of the academic program.

Graduate assistants are assessed and are individually responsible for payment of Building Fee, Health Service Fee, Major Medical Fee, Incidental Fee and Instructional Aids Fee approved for the school and program in which they are enrolled at the credit hour level carried, and at rates applicable to graduate students. Remission of some or all of these fees is at the discretion of the academic program.

B. Auditors

Students enrolled in a combination of credit and audit courses or audit only will be assessed for the total credits under the credit tuition and fee schedule appropriate to their classification and residency.

C. Courses Taken at Other Institutions

Students enrolled in coursework at an institution other than OHSU (regardless of whether the coursework is required by OHSU) are responsible for all costs (tuition and other fees) charged by that institution.

IV. Accounts Receivable Policy

A. Payment Due Dates

Full payment or Accounts Receivable-approved financial arrangements must be in place one week after the start of classes for each program. Students that register after that date will be required to remit payment within one week. Bills for tuition and fees are sent out on the second Tuesday of every month. Students that do not receive a bill can confirm account charges by accessing the online Institutional Student Information System (ISIS), <http://www.ohsu.edu/registrar/ISISOnline.htm> or by calling the Baird Hall Cashier's Office at (503) 494-8243. All students must pay on time even if a bill is not received.

B. Payment Options

Payment to student accounts can be made by cash, check, credit card or the secure payment option available by accessing the online Institutional Student Information System (ISIS). However, student financial aid must be applied to student accounts before credit card payment will be accepted. Any balance remaining after financial aid has been applied may be paid by credit card.

Refunds of student accounts can be made using the following methods: by direct deposit into student's bank account, by check that is picked up at the OHSU Cashier's Office, by check that is sent directly to the student's address on file or by check sent to another OHSU campus for pickup.

C. Educational Promissory Note

OHSU offers extended payment terms utilizing an Educational Promissory Note for unpaid tuition and fees. The Educational Promissory Note is offered on a per term basis with a new note required each term. This is a mandatory note for all unpaid tuition and fees. All tuition and fees must be paid in full by the last day of classes. Registration for subsequent terms will be withheld if the account is not paid in full by the last day of classes.

D. Past Due Accounts

Full payment of the amount due must be received by the established due date. If payment is not received by the due date, a hold will be placed on registration, transcripts, licensure certification and diplomas. Interest will be assessed at a rate of 1% per month of the outstanding balance. Past due accounts may be referred to the Oregon Department of Revenue or other outside collection agencies and will be subject to additional collection charges, legal and attorney fees and reported to credit bureaus.

E. Withdrawals

Should a student withdraw during the term, all refunds are to be applied to any outstanding balance, and any remaining balance will immediately be due and payable in full.

F. Student Responsibilities

Students are responsible for full payment of all charges on student accounts by the payment due date, even if the account is being paid by another party. Students that continue to receive a bill for an account that is supposed to be paid by another party should contact the Accounts Receivable department immediately. Failure to address this issue can lead to registration holds, interest charges, and collection action. Students are also responsible for keeping OHSU informed of any address and telephone changes.
