

PAR in UCEDDs Pre-Workshop Questionnaire

1. What is your age group?

18-29 years	
30-50 years	
51 years or more	

2. What is your gender?

Female	
Male	

3. Do you identify yourself as:

African American	
Caucasian	
Latino/a	
Other – Please Specify	

4. What is your highest level of education?

Less than high school graduate	
High school diploma or GED	
Any college or more	

5. Do you agree or disagree with this statement?

“Research is done for the benefit of humankind.”

Agree	
Disagree	
No opinion	

6. Have you ever participated in a study as a research **subject or participant**?

Yes	
No	→ If no, go to Question 8

7. In general, would you say most of your experiences as a research **subject or participant** has been:

All positive	
Some positive/some negative	
All negative	

8. Are you involved as a community **partner** in any research projects?

Yes	
No	→ If no, go to Question 15

9. How would you rank the importance of your role as a community partner to the research in which you are involved?

Very important	
Somewhat important	
Not at all important	

10. Do you think your participation and input as a community partner is valued by the academic researcher partners?

Yes, all of the time	
Yes, most of the time	
No	
I don't know	

11. Which best describes what you would do, as a community partner, if you had a good idea or information you thought was relevant or helpful?

I would tell the group about it	
I would tell it to an individual I trust in the group and ask or hope they would express it	
I would not do anything	
Other – Please specify below -	

12. Which best describes what you would do in your role as a community partner if you did not understand something an academic research partner was saying or doing?

I would ask the academic researcher to explain it	
I would ask another community partner to find out for me	
I would not do anything, but I would keep participating	
I would not do anything, and I would stop participating	
Other – Please specify below -	

13. Which best describes what you would do in your role as a community partner if you did not agree with something an academic research partner was saying or doing?

I would always confront the person involved	
I would confront the person involved, if I thought it was important enough	
My reaction would depend on my relationship with the academic researcher

I would not do anything, but I would keep participating	
I would not do anything, and I would stop participating	
Other – Please specify below -	

14. In your role as a community research partner, how comfortable are you with your level of knowledge about the research process?

Always comfortable	
Sometimes comfortable	
Never comfortable	

15. Have you ever had the opportunity to participate in a research study as a community research partner?

Yes	
No	

16. How interested are you in learning more about the research process?

Very interested	
Somewhat interested	
Not at all interested	

17. How important do you think it is for people to understand about research in order to participate in research as a community partner?

Very important	
Somewhat important	
Not at all important	

18. How important do you think it is for people to understand about research in order to participate in research as a research subject or participant?

Very important	
Somewhat important	
Not at all important	

19. How likely are you to participate as a research subject or participant in the future?

Very likely	
Somewhat likely	
Not at all likely	

20. If you answered "not at all likely" in participating as a research subject or participant, can you explain why you would not be likely to participate?

21. How likely are you to participate as a community partner in community research in the future?

Very likely	
Somewhat likely	
Not at all likely	

22. If you answered "not at all likely" in participating as a community partner in community research, can you explain why you would not be likely to participate?

23. Why did you decide to participate in this workshop?

24. What are your expectations of this workshop?
