

Oregon Primary Care Association Exemplary Research Award

Lyle Fagnan, MD, Director of ORPRN was selected to receive the OPCA's "Exemplary Research Award" for leading the way on measuring the value of community health centers. The award ceremony was held on April 25th, 2008.

Oregon Primary Care Association, a non-profit member association, provides advocacy on public policy and assistance to members in order to help decrease health disparities and increase access to comprehensive health care for low income and vulnerable people in Oregon.
