Project Questionnaire
This section is required for all studies.

HELP TEXT

Check 2.6.1 For all cancer studies. The study does not have to be a treatment study, but could be a QOL assessment in cancer patients. The protocol will be reviewed by OHSU CI prior to IRB review.

Specimens for research purposes, not clinical care, with or without an intent to store the specimen.

For example, x-rays, radioisotopes, DEXA, etc. that are not part of standard care.

Click on the **Refresh** button to refresh the list of Errors.

Use this form to manage your study documents

This checklist is intended to aid investigators in providing the documentation necessary to obtain Institutional Review Board (IRB) approval for research protocols involving human subjects. Please use the most recent version of the IRB forms, which can be found [here](#). For each item please check whether that document will be submitted electronically or via hard copy. If you are submitting document(s) please indicate how many.

*If you do not need to upload any documents, simply hit the "Finish" button.

	Electronic	Hard Copy	Total
1-2 page protocol summary written in lay language	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>
Complete and final study protocol	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>
Complete grant (if an NIH grant is funding this study)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>
Data Safety Monitoring Plan for NIH-Sponsored studies or GCRC studies	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>
