Stem Cell Transplant and Cellular Therapy - Autologous

- **Multiple Myeloma**
  - **IRB # 17699**
    - Phase III 2-part randomized study comparing G-CSF + BL-8040 with G-CSF + placebo for mobilization before autologous stem cell transplant

- **AML and MDS**
  - **IRB # 9398**
    - Phase III comparing lenalidamide, bortezomib, dexamethasone (RVD) to High Dose treatment with peripheral stem cell transplant
  - **IRB # 15993**
    - Phase 1 relapsed or refractory myeloid neoplasms. Must express HLA-A2.01 and PRAME

- **DLBCL**
  - **IRB # 16830**
    - Alliance/CTN Ibrutinib for ABC subtype

- **CAR-T Treatment**
  - No treatment studies currently available
