Stem Cell Transplant and Cellular Therapy - Autologous

- **Multiple Myeloma**
  - IRB # 17699: Phase III 2-part randomized study comparing G-CSF + BL-8040 with G-CSF + placebo for mobilization before autologous stem cell transplant

- **Previously Untreated**
  - IRB # 9398: Phase III comparing lenalidamide, bortezomib, dexamethasone (RVD) to High Dose treatment with peripheral stem cell transplant

- **AML and MDS**
  - IRB# 15993: Phase 1 relapsed or refractory myeloid neoplasms. Must express HLA-A2.01 and PRAME

- **DLBCL**
  - IRB# 16830: Alliance/CTN Ibrutinib for ABC subtype.

- **CAR-T Treatment**
  - No treatment studies currently available

**Key**
- Open for Enrollment
- In Development
- Enrollment on Hold
