

Accelerated Spending Request Form

Non-Competing Continuation Year

Use this form to request spending prior to the agency awarded start date on continuing awards if OHSU does not have the authority to internally approve the request. It can also be used if spending is significantly accelerated and there is a concern the sponsor may not cover all incurred expenditures. If sponsor approval is required, send your written request with this form to SPA (mailcode AD220) for counter-signature and submission. If OHSU can authorize accelerated spending, email your SPA Analyst.
