

## FPIN Scholarship Seminars 2006

**When:** Wednesday Mornings 7:30-8:30 AM

**Where:** EJH 28 (Polycom available if requested, but attending in person is helpful)

**Who:** Faculty (repeat attendance for those who took last year's seminar is very welcome), Fellows, Residents, Community Physicians

**Why:** Learn new skills to:

1. apply evidence to clinical questions
2. conduct effective literature searches and work with librarians
3. write for publication
4. work with mentors and colleagues
5. become a better teacher and scholar.

### **Feb 8. Intro EBM Session**

**(March—no sessions)**

- **April 12—Session 1—Choosing a Question**
- **April 26—Session 2—Defining the Question**
- **May 10—Session 3—Literature Search & Working with FPIN Librarians**
- **May 24—Session 4—Study Selection**
- **June 28—Session 5—Study Quality Assessment**
- **July 26—Session 6—Summarizing Evidence**

**(August—no sessions)**

- **September 27—Session 7—Writing a Clinical Inquiry**

Each session will have a set of slides and other materials for your reference. Individual or group help sessions are available upon request as you work on your review over the next few months.

After you sign up for the seminar series with Andrea Marsden ([marsden@ohsu.edu](mailto:marsden@ohsu.edu)) you will get your very own logon and password for the FPIN website from Andrea. If you would like to explore the website and see what kind of questions are available for authoring, peer review and commentaries you can use the generic OHSU Logon (username= ohsu, password = test). The website is: [www.fpin.org](http://www.fpin.org).

Please, DO NOT sign up for any authoring task using this generic logon, just explore.
