

Fall Registration

Begins: August 6th through August 17th

Each term students need to register for courses on-line. Failure to register by pre-set deadlines can have far reaching consequences including late fees, late financial aid disbursement, etc. If you are not registered by the first day of class, you will not be allowed to attend until your registration is completed. Days missed because of late registration are considered unexcused absences.

These are the theory courses you need to register for. You can find instructions on how to register on the following website: <http://www.ohsu.edu/son/student/registration.shtml>

Expect to attend Clinical/Lab/Simulation anytime between Wednesdays through Friday (seniors; Wednesday through Saturday). You will be notified by clinical faculty with assigned times prior to the term.
