Your badge may age with you…but your badge must always show your name, face & department.

Over 14,000 people have badges. We need to know who you are.

Question: what’s wrong with this picture?

Answer: it’s a cat with a beard.

(We also can’t see Tabby’s badge information.)
The City, OHSU, and the surrounding neighborhoods have an agreement that governs and limits parking and traffic on the hill.

The goals of the plan include:
• easing employee, student & visitor access,
• protecting natural areas,
• reducing traffic congestion,
• reducing overflow parking in surrounding neighborhoods.

With your help we can accommodate all transportation modes.

We all use the crosswalks. Please keep an eye out for fellow humans.

Public Safety Tips

- Use well lit paths; avoid shortcuts.
- Be aware of those around you.
- Note locations of emergency phones, answered 24/7.
- Carry a phone with emergency #s on speed dial.
- Work late? Leave with a colleague or call Public Safety for escort.
Driving: Rideshares

- OHSU has the largest ride sharing community in the City.
- Cuts permit cost in half, at least.
- **Drive less. Connect.** Is a sophisticated networking service where you can network a ride with hundreds of other OHSU members and be eligible for prizes throughout the year.
