## Who Should Apply

The paid internship program seeks diverse students from underserved, economically and socially disadvantaged communities.

Applicants must have completed at least one full year of college coursework. The most competitive applicants will have completed coursework in mathematics and basic sciences, (e.g. biology, chemistry, neuroscience, biopsychology)

## Our Focus on Diversity and Inclusion

Diversity is central to OHSU's core values. "Be a great organization, diverse in people and ideas" is the first goal in our Strategic Plan.

OHSU's programs offer world-class education for tomorrow's doctors, dentists and nurses; for scientists and engineers; and for a vast array of other healthcare professionals. Embracing diversity gives us the power to demonstrate integrity, compassion, and leadership in healing, teaching, research and community service.
