

CONFERENCE OBJECTIVES

1. Explore practical evidence-based strategies for better management of pain and delirium.
2. Strengthen skills used to estimate prognosis and effectively use the POLST when crafting patients' care plans.
3. Learn new approaches to addressing moral distress.
4. Explore how to improve overall quality by integrating palliative care into the care of your patients.

TARGET AUDIENCE

Designed for physicians, nurses, social workers, pharmacists, chaplains, psychologist and other allied health care professionals involved in care of patients with life-threatening illness.

SPONSORS

This conference is co-sponsored by the OHSU Center for Ethics in Health Care and Three Rivers Community Hospital
