

# All-City Palliative Care

## “Helping Children Say Good-Bye”

*Jan Crider, MA, ATR, CCLS*

Jan will be presenting about a step-by-step program explaining ways to give difficult information to a child about a poor diagnosis and/or impending death of a loved one. This program is also used to work with children who are experiencing a loved one who has had a traumatic event such as suicide attempt, assault, serious illness, or hospitalization.

Jan has been working at Doernbecher Children’s Hospital since 1989 as a Child Life Specialist and art therapist. She works in the PICU and on the adult ICU when a child is in need of support.
