# Emerging Issues in Bioethics and Government:

## Facing Ethical Challenges and Finding Solutions

27TH ANNUAL STATEWIDE KINSMAN BIOETHICS CONFERENCE  
SALEM CONVENTION CENTER  
SALEM, OREGON

### Keynote Speakers:

M. Gregg Bloche, MD, JD – Georgetown University

### Target Audience:

Our audience includes dental, social work, medical, nursing, chaplaincy and public health professionals, as well as anyone who wishes to broaden their knowledge of current ethical issues and controversies associated with the promotion of health and well-being.

### Learning Objectives:

1. Explore ethical frameworks and their application to ongoing and newly emerging ethical issues at the institutional and governmental level.
2. Examine techniques and strategies that can be applied by health care professionals to improve patient care for vulnerable populations.
3. Identify ethical and legal challenges in providing safe and effective management for patients with chronic/acute pain.
4. Enhance abilities to integrate ethical, psychosocial and spiritual perspectives to support patients and surrogate decisions makers in medical decision-making.
