

# All-City Palliative Care

## “Finding Strength in Every Day”

Dr. Mimi Pattison will explore ways to discover within ourselves the resources we need to sustain us in our work. She will share a model for “Building a Climate of Healing” as we work to strengthen our relationships through good communication with our patients, families, and colleagues.

**Mimi Pattison, MD**  
*Medical Director, Franciscan Hospice & Palliative Care, Tacoma*

Dr. Pattison is a palliative medicine physician with more than two decades of clinical experience in the field. In 2008, she was appointed by Governor Christine Gregoire to the Medical Quality Assurance Commission for Washington State and served as chair from 2010-2012. In 2014, Dr. Pattison was selected to participate in a 32-member Alzheimer’s Disease Working Group to develop a plan for the care of persons diagnosed with Alzheimer’s and other dementias. Dr. Pattison’s medical interests include ethical issues at end of life, systems integration of palliative care, and access for persons with dementia to palliative care and hospice.
