<sup>1</sup> Lab courses must accompany all basic science courses. Biochemistry labs are optional.

<sup>2</sup> The courses listed on this chart may not be an accurate representation of courses that fulfill our prerequisite basic science requirements.

\* University of Washington students must take 3 quarters of Anatomy and Physiology that include at least one quarter each of an anatomy and physiology course. It is recommended that students enrolling in CONJ 401 complete the entire sequence.

**Please note: All dental prerequisite courses in this chart are subject to change without notice. Please contact Admissions personnel for requirement clarification.**
