

## Center for Health Systems Effectiveness Overview and Comparison of OHSU Health Systems Research

	<b>Center for Health Systems Effectiveness</b>	<b>Center for Evidence-based Policy</b>	<b>Oregon Evidence-based Practice Center</b>
<b>Overview</b>	<p>The Center for Health Systems Effectiveness drives health systems research collaborations while pursuing innovative models of research, evaluation, implementation, and organizational change. Research focuses on data-driven analysis of the factors that influence healthcare cost, quality, and access.</p>	<p>The Center for Evidence-based Policy gathers, appraises for quality, and synthesizes research to inform policymaking in health. The Center also organizes and supports multi-state and stakeholder collaborations to reduce redundancy and cost. The Center specializes in outreach and communications with broad varieties constituencies and stakeholders.</p>	<p>The Oregon Evidence-based Practice Center conducts systematic reviews of healthcare topics for federal and state agencies, private foundations, professional societies, and consumer groups. These reviews report the evidence from clinical research studies and the quality of that evidence for use by policymakers in decisions on guidelines and coverage issues.</p>
<b>Expertise</b>	<ul style="list-style-type: none"> <li>• Health economics</li> <li>• Analysis of large datasets</li> <li>• Healthcare quality improvement through analysis of data</li> </ul>	<ul style="list-style-type: none"> <li>• Policy analysis</li> <li>• Application of evidence to policy</li> <li>• Stakeholder engagement</li> <li>• Multi-state collaborations to create evidence-based policy</li> </ul>	<ul style="list-style-type: none"> <li>• Clinical practice guidelines</li> <li>• Systematic reviews</li> <li>• Consumer-oriented evidence reviews</li> <li>• Clinical evidence gap analyses</li> <li>• Patient-centered outcomes research</li> <li>• Evidence-based informatics</li> <li>• Critical appraisal of cost-effectiveness analysis and decision analysis</li> </ul>
