Course Description

A successful career requires adept career management. This course introduces students to strategies that will help them navigate the challenges and opportunities in the world of work. Students will examine their own beliefs about how to manage careers. They will learn what it means to develop a “working identify”. Students will learn how to conduct career experiments, develop new professional networks, and craft their own career narratives. The world of work undergoes tremendous constant changes brought about by such factors as technology, globalization, and regulations. MGT 506 students will be better able to anticipate and recognize these changes and make informed career decisions.
