

PMCB FACULTY CANDIDATE SURVEY

Your Name:

Date:

Approved member of Graduate Faculty in (year):

Affiliation with which Basic Science department:

Nominated for PMCB faculty by:

A faculty member interested in becoming a participating member of PMCB should provide the Steering Committee with a description of:

1. Their scientific relationship to the primary faculty, including common research focus groups or other research exchange forums.
2. Their willingness to contribute to the teaching, management, and recruitment of PMCB students and PMCB faculty committees. This should include specific areas where the faculty member feels they can make a contribution to the program as well as participation in the first year while students are part of PMCB.
3. How they will train the student. This should include a description of the training environment including journal clubs, seminars, and other forms of scientific interaction the student will obtain. The faculty member should also include details of past student training and sources of student support.
