

February 12, 2013

Phuoc T. Tran, MD, PhD  
2818 Foxhound Rd  
Ellicot City, MD 21042-2228

Dear Dr. Tran;

It is my great pleasure to extend congratulations on behalf of the School of Medicine Alumni Association on your selection to receive the 2013 Early Career Achievement Award.

I hope that you will be able to accept this award, which was established just this year. The Early Career Achievement Award recognizes any alumna/us from the OHSU School of Medicine who has made significant career contributions to improving health and social welfare in a community setting or in the areas of scientific research or academia within 15 years of graduation.

The award will be presented at the Alumni Association Annual Dinner and Awards Presentation on Friday evening, May 10, at the Governor Hotel here in Portland. The School of Medicine Alumni Association looks forward to hosting you and a guest at the dinner, and the Association will be able to contribute up to \$500 towards your travel expenses.

Staff from the Alumni Relations Program will be in touch with you and will provide all the details of the dinner. If you have any questions at this time, you can reach them at (503) 552-0708.

Again, please accept my congratulations, and I look forward to seeing you at the dinner on May 10.

Sincerely,

Nels Carlson, MD '92  
President, School of Medicine Alumni Association
