

**GOLD HUMANISM HONOR SOCIETY
MEMBER PLEDGE**

As a member of the Gold Humanism Honor Society,
I pledge to:

Model, encourage and sustain the values of humanism
and professionalism

Enjoy a shared vision of balance between science and
humanism

Lead, mentor and inspire colleagues to promote
humanism at all levels of healthcare system

Advocate for humanism in medicine—on campus, in
practice, personally, locally and nationally

Nurture fellowship in membership

With humility, reach out to and support those bowed
down by barriers to humanism in medicine

Be a force for better healthcare for all

Thank you for coming!

**ABOUT THE
GOLD HUMANISM HONOR SOCIETY**

Humanism encompasses those attitudes and behaviors that emanate from a deep sensitivity and respect for others, including full acceptance of all cultural and ethnic backgrounds. Further, humanism is exemplified through compassion, empathetic treatment of all persons; recognition of each other's needs and autonomy, a willingness to put patient needs ahead of one's own, a sense of optimism about the human condition, and a moral obligation to serve the community.

The Arnold P. Gold Foundation sponsors the GHHS. The Foundation advances humanism in medicine, perpetuating the tradition of the caring doctor. GHHS honors senior medical students who are exemplars recognized for "demonstrated excellence in clinical care, leadership, compassion and dedication to service."

The GHHS was organized to elevate the values of humanism and professionalism within the School of Medicine.
