Dear Susan:

On behalf of the members of the Oregon State Board of Nursing, I am pleased to send you written confirmation that the OHSU School of Nursing advanced practice nurse practitioner programs (inclusive of the midwifery program) were granted Board approval based on the October 2013 survey visit.

The motion adopted at the November 21, 2013 meeting was:  
**MSC that the Oregon Health and Science University School of Nursing Advanced Practice Programs be approved for up to five (5) years, until October 2018.**

The recommendations in the report are advisory to you and the faculty. "Advisory" means that the recommendations, or alternative means to meet the same standard, are intended to be implemented but do not require a formal report to the Board. There were no findings designated as deficiencies.

Please convey my thanks to all those who participated in the survey visit. Dr. Golden and I were provided immediate assistance with all requests that arose during the survey visit. Thank you, also, for being present at the Board meeting with the appropriate program representatives to answer questions. I will be sending you an electronic copy of the final survey visit report to retain in your records. Please let me know if there are any questions on the report or Board motion.

Sincerely,

Joy Ingwersen, RN, MSN  
Policy Analyst, Nursing Education and Assessment
