

Area Health Education Centers

The Oregon Area Health Education Centers program (AHEC) is a partnership between OHSU and Oregon communities. AHEC's mission is to improve the education, training and distribution of health care professionals in Oregon. Five regional AHEC centers statewide work with local health care facilities and providers, community leaders, schools and the public to identify and meet local needs. AHEC provides K-12 programs for students interested in health careers.

Oregon AHEC Program Office at OHSU

Contact: 503 494-4896, www.ohsu.edu/ahec/

MedStars – a residential summer experience at OHSU, this program exposes rural and underserved high school students to careers in health care. Participants must be entering their senior year of high school or freshman year of college and must have a demonstrated prior interest in a health career. Applications and regional office contact information may be found at: www.ohsu.edu/medstars

Junior Medstars – a grant funded program for rural and underserved Oregon high school freshmen and sophomores to learn about health careers at the OHSU campus. This one day, two night experience is for students who have demonstrated good academic skills and interest in the health career field. For more information contact your regional AHEC office.

In-A-Box “Explorations in Health & Science” Program – Fully self-contained curriculum boxes are available at no cost to Oregon teachers and educators for exploration with students in grades 4-8. Our current box topics available are: Brain In-A-Box, Bones & Muscles In-A-Box, Guts In-A-Box, Expedition Northwest In-A-Box, Eye In-A-Box and Ear In-A-Box. Videos and guides for the program may be viewed at: www.inaboxcurriculum.net
