

Let Us Bring OHSU to You

OHSU would like to partner with educators to deliver distance learning in the sciences and engineering to schools throughout Oregon. Via state-of-the-art interactive video conferencing, OHSU can provide material on many topics to support classroom teaching.

We encourage you to contact us directly to discuss how OHSU can support your classes' explorations in the sciences. We would like to work with you to develop a customized curriculum segment and bring it to your students direct from OHSU labs and classrooms.
