Health Care Equality Week is an event that seeks to return our nation's focus to the needs of our population.  - **March Wellness Advisory meeting (William Giardino):** There was a presentation by Amber stating the financial situation of March Wellness. Three student highlights: 1. How can they schedule classes that are more reasonable time that accommodates students? 2. Short term child care for students is not feasible based on cost for the space in that building. 3. March Wellness will decrease the cost for spouse's memberships. If you have further questions about March Wellness, please contact Will at giardino@ohsu.edu.
 - **Incidental Fees Task Force (Iris Sunwoo/Will Giardino):** Dr. Mladenovic wants to lessen or completely get rid of the incidental fees. There was a survey that all students at OHSU received that helps us understand how the students feel about the teaching and learning center, the bookstore and march wellness. You can fill out the survey at: <https://www.surveymonkey.com/s/OHSU-student-survey>. Results from this survey will be presented to the student council when the survey is closed. The incidental fee task force will be analyzing the data and base decision off of it.
 - **Student Position on Board of Directors (Derek Musashe):** The Board of Directors is what makes up the "boss" of the OHSU President. There is one position for an OHSU student that will represent themselves (not the students) and will have an equal representation on the Board. This is a 2-year commitment, and we will send out directions on how to apply for this position. April 1st is the deadline to turn in an application.

There will be a survey sent out to find out this information. There was a free Inter-library loan (ILL) pilot for student use. It will be permanent and will start April 1st.
