 - There will be a new Ozone coming out called O2. We are trying to put together a group of student representatives to determine what content to put in the website and how to

make it more user-friendly for students. There is a possibility of a student portal being created.

- We would like to have students start thinking about what they want for the South Waterfront. Down the road there will be multiple buildings down on the South Waterfront with possible space for a new student center. Students should start thinking about what they would like down the road.
 - Volunteers are needed to go over the bi-laws to see what changes should be made. Cassidy, Michael, and Ali volunteered for this project.
 - New volunteers are needed for the Student Center Planning Committee and the March Wellness Committee that meets twice a year. Nate volunteered for the March Wellness Committee.
 - There has been discussion to hold another All-Hill dance. The Pharmacy school is going to spearhead this new event. It is possible that all the will be on the same schedule next year making planning these events relatively easier.
 - Ways of getting more involvement from students for All-Hill council was discussed for the next academic year. A council member suggested forming a consolidated list of what All-Hill council is responsible for as well as a list of how many positions are available for All-Hill council representatives
- **Regular Updates** (20 minutes)
 - **Website Coordinator** (Quinn Martin): We are looking for ideas on how to get the word out about the Student Council blog. Currently there is work being done on a All-Hill Facebook page. Members of council discussed the content of the Facebook page. There was also discussion on how to best post meeting minutes for student accessibility. A member of council suggested having members of council forward meeting minutes to their respective classes.
 - **Student Health Center** (Sarah Lemley): A FAQ sheet has been made and placed on the student health center website answering questions pertaining to ongoing coverage for graduating seniors. Graduated students monthly premiums cost \$646.89. A list of independent brokers has also been developed to help assist graduating students in maintaining health coverage. Returning student waivers must be turned in before Fall Classes begin and new students must turn in their waiver within 30 days prior to beginning. There is one last yoga class Wed, June 13. The yoga time next year will be changed on Thursday from 12:00 pm to 1:00 pm. Clarification of the Student Health fee was provided to members of council. The Student Health fee covers all

things provided by the Student Health Center. The Student health fee does not cover anything that is referred out.

- **Student Newsletter Committee** (William Giardino): A survey was sent out to students to obtain feedback for the student newsletter “The Pulse”. 1/3rd of the people surveyed had never read the pulse. Most people were unsure if their program was well represented. Students provided a lot of individualized comments mostly pertaining to a lack of advertisement of “The Pulse”. The survey is still open and will be kept open for a few more weeks.
- **Student Center Planning Committee** (Karen Seresun): The new roof should be done by June 17th. Conduits are being installed in the gym but shouldn’t interfere with gym availability. There are left over award certificates from the awards ceremony so if anyone has not picked up their certificates please see Karen.
- **Intramurals** (Heather Ennis): Summer intramurals start July 9th and go through to August 9th. Summer registration begins June 19th.
