

REQUEST FOR FUNDING FROM THE OHSU ALL-HILL STUDENT COUNCIL

Conditions of Funding:

Students enrolled in the Schools of Dentistry, Medicine, Nursing, Pharmacy, GSO and PA may request funds from the All-Hill Student Council for interdisciplinary events. The event must include students from more than one school program and be designed to bring students from the different schools together. Students seeking school-specific funding should contact their Dean's Office and School Government to make a funding request.

Funding is limited to one contribution, per student, per term, depending on availability of funds. Funding of one contribution, per student, per term is not guaranteed. Funds cannot be used for anything other than the purpose stated in the initial request.

Funding for individual travel to attend professional development meetings, conferences and individual projects, are not within the scope of All-Hill's funding requests. Funds have been allocated to individual programs for such events. Special circumstances may be considered upon request.

Please fill out the following form and submit all requests to Jesse Hollander (hollanje@ohsu.edu) and Nathan Risley (risley@ohsu.edu) at least 1 week prior to monthly Student Council meeting to allow for review. Meeting schedule can be found at: http://ohsustudent.blogspot.com.
