Course objectives

This conference is a one-day course designed for cancer care providers in clinical practice. OHSU Knight Cancer Institute physicians will provide a review and update of a wide range of current topics in oncology. Expert analysis and interpretation of the latest findings from national meetings will help provide a bridge between research and practice. At the conclusion of the activity, participants will be able to:

• Apply the results of recent clinical trials into selecting optimal cancer therapies for their patients.
• Discuss the role of the immune system in the treatment of cancer and identify appropriate patients for immunotherapy.
• Select patients who may benefit from targeted agents and may be able to avoid chemotherapy.
• Apply the latest advances in cancer to their clinical practice.

Accreditation

Oregon Health & Science University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit

OHSU School of Medicine designates this live activity for a maximum of 6.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
### Registration
Registration includes hot breakfast and lunch on Friday, June 23. All course material is included with registration. Early registration is encouraged, as enrollment is limited. No refunds can be issued after June 16, 2017. Register online at [www.ohsuknightcancer.com/oncologycme](http://www.ohsuknightcancer.com/oncologycme).

### Contact
Call 503-418-9152 or email knightevents@ohsu.edu.

### Lodging
For hotel reservations, please call the Sentinel Hotel directly at 503-224-3400.

### Guest faculty
**William H. Sharfman, M.D.**
Mary Jo Rogers Professor of Cancer Immunology and Melanoma Research; Associate Professor of Oncology and Dermatology; Medical Director, Medical Oncology, JH at Green Spring Station; Director of Cutaneous Oncology, Sidney Kimmel Comprehensive Cancer Center, Johns Hopkins
