

OHSU FACIAL PLASTIC &
RECONSTRUCTIVE SURGERY

“THERE’S AN APP FOR THAT.”

Are you thinking about filler treatment but unsure of how you might look?

Well, now there is an app that can help you see what you could look like if you decided to use a filler treatment before you do it. The *Restylane Reveal* app is available for download for free on iTunes. Simply snap a photo of your face, and select the area that you are considering Restylane filler for. In moments you can see the results of a filler treatment before you have it done.

OPEN HOUSE – OCT 23RD

Center for Health & Healing
3303 SW Bond Ave, 3rd floor
5:30-7:30pm

Mark your calendars for our Facial Plastic Surgery Open House! Come chat with the doctors and mingle with experts from the companies making the world's most widely used injectables and fillers. Representatives from various injectable fillers and representatives from Jane Iredale Mineral Makeup, ZO Skin Care and PCA Skin will also be on hand to answer your most challenging questions about makeup and skincare. This evening will provide an opportunity to see and feel new products as well as ask the experts about available treatment options. There will be wonderful raffle prizes and the opportunity to **purchase gift certificates for injectable services at a 25% discount**. This is a great chance to come and learn about alternative treatments to surgery and bring out the best you! **Please RSVP to: 503-494-5678**
