

Chronic Pain Research Study!

If you have chronic pain (pain lasting 3 months or more) we invite you to take our survey located at this weblink:

<https://www.surveymonkey.com/s/Chronic-Pain>

We would like to learn from you how living with chronic pain affects your relationships with other people. We are also interested in how having pain relates to how you feel about yourself and care about yourself. Your answers will help us to develop improved pain treatment!

Your answers are 100% anonymous and confidential. We do not ask for your name or any identifying information.

The survey takes about 10 minutes to complete. You may choose not to complete this survey.
