

## Recognizing Outstanding Service Excellence

**Sarah Worthington**  
**Pacific Oncology, OHSU (Beaverton)**

**Pat Cosgrove, from Pacific Oncology, submitted the following nomination. . .**

Sarah is our IT support person at Pacific Oncology. Over the past several months, she has been working long hours and without complaint to successfully transition Pacific Oncology to OHSU's system. She has worked on our unique software such as ARIA and Mosaiq, and has laid out all the naming convention for the laptops. Sarah worked extra hours, over several weekends, to prepare for and complete the reimaging process. I know she was not the only person who worked very hard to successfully accomplish this, but she also continued to provide us with our regular support during that time with a positive and helpful attitude. No task was too small even though she was busy and had much larger responsibilities awaiting her attention. She deserves to be recognized for going "above and beyond".

# Award Recipient - September 2009
