

## Oregon Camps Summer 2012

### A partial list of camps for children and young adults with special needs

A camp experience can give a child both confidence and a sense of independence. There are many camps in Oregon for children with special health needs. There are also many inclusive programs that include all children. The camp guide below gives a partial list of camps.

Inclusion on this list is not an endorsement of the camp by OCCYSHN. Please verify all information with the individual camp and direct questions to the camp.
