

## **Mr. Yuk Means NO!**

Mr. Yuk is the poison warning symbol used by many poison centers throughout the United States.

Mr. Yuk stickers say “NO!” to little children or anyone who can’t read warning labels on the many dangerous products in your home.

Children are naturally curious. They touch, smell, and taste things as a natural part of learning. Your home is filled with many products that make life easier and more pleasant, such as cleaning supplies, cosmetics and medicines. Any of these products can poison a child who ingests or inhales them.

Teach your child that Mr. Yuk means NO! Take children with you as you place Mr. Yuk stickers on dangerous products. Place a Mr. Yuk sticker on your telephone – the national Poison Help phone number surrounds Mr. Yuk’s face. And remember, if you suspect a poisoning; call your poison center immediately. Expert medical staff members are ready to help 24 hours a day, seven days a week. All calls are confidential.

### **Put Mr. Yuk stickers on products like these:**

Aspirin	Dishwasher detergents	Oven cleaners
Advil/Motrin	Drain cleaners	Paint thinner
Tylenol	Furniture polish	Pesticides
Ammonia	Garden sprays	Shaving lotion
Antiseptics	Gun cleaners	Turpentine
Cleaning fluids	Hair dyes	Vitamins
Cologne	Nail polish removers	

No question is too small. Keep your family poison safe!
