Clinical Research

**A COMMUNITY-BASED ASSESSMENT OF SKIN CARE, ALLERGIES AND ECZEMA (CASCADE)**

**PI:** Eric Simpson, MD  
**Funding Agency:** National Institute of Arthritis and Musculoskeletal and Skin Diseases  
**Settings:** Iowa, Wisconsin, North Carolina, Colorado, Oregon; Ontario, La Grande, Hood River, Madras  
**Topic:** Planning for pragmatic, community-based, cluster-randomized controlled trial to determine the effect of skin care education on the development of atopic dermatitis. Study to be conducted in the multi-state Meta-LARC setting.

**IMPLEMENTING NETWORKS SELF-MANAGEMENT TOOLS THROUGH ENGAGING PATIENTS AND PRACTICES (INSTTEPP)**

**PI:** Lyle Fagnan, MD; Donald Nease, MD  
**Funding Agency:** Agency for Healthcare Research & Quality  
**Settings:** Enterprise, Baker City, Springfield, Portland  
**Topic:** Implements the AHRQ Self-Management Library/Toolkit across four states and 16 practices using a unique learning collaborative model called Boot Camp Translation. Participants include clinicians, care managers and patients, who will adopt and implement self-management tools.

**LOOKING BEYOND THE CLINICIAN VISIT: SUSTAINING CARE COORDINATION IN EASTERN OREGON**

**PI:** Elizabeth Waddell, PhD  
**Funding Agency:** Moda Health Plan, Inc.  
**Settings:** Pendleton, Hermiston, La Grande  
**Topic:** Utilize a participatory design to learn how care coordination fits and is sustained within the PCPCH model. The group will attempt to establish a framework for a sustainable business model for care coordination.

**OREGON GERIATRIC EDUCATION CENTER (OGEC) FALLS PREVENTION EVIDENCE-BASED PROJECT**

**PI:** Elizabeth Eckstrom, MD  
**Funding Agency:** Health Resources and Services Administration  
**Settings:** Multiple  
**Topic:** Disseminates an evidence-based falls prevention screening protocol to interprofessional teams. It examines the feasibility of adopting the protocol in practice and long-term care settings, and measures annual falls screening rates for adults age 75+.

**CANCER RESEARCH TO OPTIMIZE SCREENING SUCCESS FOR RURAL OREGON ADULTS WITH DISABILITIES (CROSSROAD II)**

**PI:** David Buckley, MD, MPH  
**Funding Agency:** National Cancer Institute  
**Settings:** Astoria, Newport, Albany, Madras, Prineville, Klamath Falls, Heppner  
**Topic:** Create a partnership between rural primary care clinics and community-based organizations that advocate for people with disabilities. The project will deliver and test interventions to clinics and patients and will increase awareness for women eligible to receive cancer screening services.

**LEVERAGING MOBILE TECHNOLOGIES TO HELP LOW-INCOME WOMEN IN THEIR 40s MAKE INFORMED CHOICES ABOUT SCREENING MAMMOGRAPHY**

**PI:** Karen Eden, PhD  
**Funding Agency:** McKesson Foundation  
**Settings:** Oregon Pacific region  
**Topic:** This study will address whether use of a mobile breast cancer screening decision aid will change an average-risk, 40-49 year old woman's decision making process and her self-management of breast cancer screening.

**Behavioral Health Research**

**INTERNET COGNITIVE BEHAVIOR THERAPY (CBT) FOR DEPRESSION (MOODHELPER)**

**PI:** Greg Clarke, PhD  
**Funding Agency:** National Institute of Mental Health  
**Settings:** Burns, The Dalles  
**Topic:** Randomized trial of adults measuring effectiveness of self-help and guided cognitive behavioral therapy for depression using the Internet. Cost effectiveness will also be studied.

**BEHAVIORAL HEALTH HOME LEARNING COLLABORATIVE**

**PI:** Elizabeth Waddell, PhD  
**Funding Agency:** Oregon Health Authority  
**Settings:** Portland, Salem, Roseburg, Medford, The Dalles  
**Topic:** Learning collaborative to understand capacity and needs for integration of behavioral health and primary care across multiple settings. Practice coaching provided to support care coordination, data management, and shared decision making functions. Project outcomes will help to inform PCPCH standards for behavioral health agencies.

**BUILDING CAPACITY FOR INTEGRATED BEHAVIORAL HEALTH AND PRIMARY CARE (InteGREAT)**

**PI:** Melinda Davis, PhD  
**Funding Agency:** PacificSource Community Solutions  
**Settings:** The Dalles, Hood River  
**Topic:** Assessment of behavioral health integration and primary care status across practices that prepare for integration related to payment, workflows, and business models for delivery of integrated services.
**Practice Transformation Research**

**COMPREHENSIVE PRIMARY CARE INITIATIVE (CPC)**  
**PI:** David Dorr, MD, MS  
**Funding Agency:** Centers for Medicaid and Medicare Services  
**Settings:** 67 practices across the state  
**Topic:** Demonstration project with learning collaboratives, webinars and practice coaching across 67 primary care practices working across nine milestones geared to achieve the Triple Aim.

**ENHANCING CHILD HEALTH IN OREGON (ECHO) PRIMARY CARE LEARNING COMMUNITY**  
**PI:** Robert Gillespie, MD  
**Funding Agency:** Oregon Health Authority  
**Settings:** Grants Pass, Baker City, Enterprise  
**Topic:** Training for targeted clinic teams on implementation of patient-centered primary care home (PCPCH) standards for pediatric patients.

**PATIENT EXPERIENCE LEARNING COLLABORATIVE**  
**PI:** Lyle Fagnan, MD  
**Funding Agency:** Oregon Health Authority  
**Settings:** Lakeview, Maupin, Eugene, Lebanon, Reedsport  
**Topic:** Use of a community-participatory methodology involving patients, clinicians, and clinic teams to translate evidence around shared decision making into practice. Use of CAHPS instrument to understand patient experience of care related to shared decision making.

**TRANSFORMING OUTCOMES FOR PATIENTS THROUGH MEDICAL HOME EVALUATION AND RE-DESIGN (TOPMED)**  
**PI:** David Dorr, MD, MS  
**Funding Agency:** Gordon and Betty Moore Foundation  
**Settings:** Portland, Mt. Angel, Springfield, Pacific City, Lebanon, Woodburn  
**Topic:** Randomized controlled trial studying practice facilitation of high-value medical home concepts supplemented with population management software (ICCIS). Study aligns and models payments after statewide initiatives. Project aims to improve quality metrics, prevent hospital/ED usage and improve patient satisfaction.

**WILLAMETTE VALLEY COMMUNITY HEALTH – PCPCH BASICS**  
**PI:** Elizabeth Waddell, PhD  
**Funding Agency:** Oregon Health Care Quality Corporation  
**Settings:** Salem, Dallas, Stayton  
**Topic:** Learning collaborative with practice coaching for practices to achieve quality improvement goals in preparation for PCPCH attestation. Project emphasizes continuous quality improvement across a learning community.

**CLATSOP/ASTORIA MATERNAL PARTNERSHIP STUDY: PHOTOVOICE (CAMPS)**  
**PI:** Jonathan Purnell, MD  
**Funding Agency:** OHSU Bob and Charlee Moore Institute for Nutrition & Wellness  
**Setting:** Clatsop County  
**Topic:** Use of PhotoVoice methodology to understand barriers and facilitators women of child-bearing age face to improve health through nutrition and exercise. The findings of this project will identify opportunities to improve nutrition across the community.

**Community Research**

**CONNECTING RESEARCH AND REAL LIFE: BUILDING A NETWORK IN THE COLUMBIA RIVER GORGE**  
**PI:** Kristen Dillon, MD; Melinda Davis, PhD  
**Funding Agency:** Patient Centered Outcomes Research Institute  
**Setting:** Hood River  
**Topic:** Establish a community for healthcare transformation in Hood River that includes CCO, community and health system stakeholders, and establishes a robust advisory council that prepares priority health needs to inform next steps.

**CLATSOP/ASTORIA MATERNAL PARTNERSHIP STUDY: PHOTOVOICE (CAMPS)**  
**PI:** Jonathan Purnell, MD  
**Funding Agency:** OHSU Bob and Charlee Moore Institute for Nutrition & Wellness  
**Setting:** Clatsop County  
**Topic:** Use of PhotoVoice methodology to understand barriers and facilitators women of child-bearing age face to improve health through nutrition and exercise. The findings of this project will identify opportunities to improve nutrition across the community.

**Descriptive Research**

**META-NETWORK LEARNING AND RESEARCH CENTER (Meta-LARC)**  
**PI:** Lyle Fagnan, MD  
**Funding Agency:** Agency for Healthcare Research & Quality  
**Settings:** Six PBRNs: Oregon, Colorado, Wisconsin, Iowa, Quebec  
**Topic:** Creation of research and learning consortium to accelerate the conduct of PBRN research through a common infrastructure enabling the efficient conduct of research. The consortium will promote continuous learning across networks and practices for evidence dissemination and knowledge transfer.

**ORPRN MEMBER SURVEY**  
**PI:** Lyle Fagnan, MD  
**Settings:** Statewide  
**Topic:** Characteristics of practices and clinicians in ORPRN member clinics.
