

ALERT: Revised Institutional Biosafety Committee (IBC) policy on research involving transgenic animals

- **Effective immediately, a new form is required for those requesting transgenic/knockout mice from the OHSU Transgenic Core. The new form must be completed and submitted to the IBC and the Transgenic Core before animals can be generated.**
- **Please review the revised policy, based on NIH requirements, which requires IBC review for transgenic animal protocols except when purchasing transgenic rodents from outside OHSU or when maintaining a transgenic colony.**

Contact the IBC office at: 503-494-7887, option 1 if you have any questions.
