

IBC Announcement

OREGON
HEALTH & SCIENCE
UNIVERSITY

IBC Office
503.494.7887

Dear IBC user community:

The Institutional Biosafety Committee (IBC) would like to invite your feedback on the following documents, [posted for your review](#):

Revised form

[Recombinant DNA Research Questionnaire \(RDRQ\)](#) (revisions to the main IBC submission form including collaborative research questions, additional in vivo use questions, and questions about use of controlled agents as defined by the [export control program](#))

New guidance documents

[Baculovirus Information Sheet](#)

[Vaccinia Virus Information Sheet](#)

Baculovirus or Vaccinia virus users, we especially need your feedback on these guidance documents!

Please download the Word document(s) from the web site and email the document(s) with your suggestions in tracked changes or highlighted comments to ibc@ohsu.edu.

These documents will be available for review until June 4th 2012. After that date all feedback will be considered and, where necessary, changes will be incorporated into the document(s) for final review and approval by the IBC.

Please note that this email represents an initial communication as part of a new feedback process. As users of the IBC review system, we value your feedback

and will continue to solicit your comments as new or revised policies, guidance documents and forms are developed.

Approved policies, guidance documents and forms are posted on the [IBC Policy Page](#) for use by the research community.

Please contact us if you have any questions about these documents or the review process. We appreciate your contribution to achieve the highest standards in research safety.

Thank you,

Kara Drolet, PhD
