

Co-IP Analysis and Comparison

Ref #: EX00003
Date: Apr 8th 2013
DUE

To:

This next billing is for the work to analyze a Co-IP experiment. There are sample preparation concerns for getting these experiments to run smoothly, and they can take a couple of tries before they work successfully. It's advisable to contact PSR when considering one of these experiments, and you'll often be asked to provide the amino acid sequence of your bait protein.

Item	Description	Unit Cost	Quantity	Cost
SETUP	Project Setup	131.12	1	131.12
