

APRIL 3, 2013

**OHSU Office of Technology Transfer & Business Development
Brown Bag Series - "TTBD: An Overview"**

Whether you need to bring research materials to OHSU or send them to a potential partner, determine whether your discovery has commercial value and should be protected, want to know how OHSU can support you in working with industry partners, determine the steps in starting a new business based on your research, or if you simply have questions on patents and the patenting process – the office of Technology Transfer & Business Development (TTBD) is the place to start.

Join us for a brown bag presentation and Q&A on "TTBD: An Overview" led by Andrew Watson, PhD, CLP, Interim Director, Technology Transfer.

Wednesday, April 3, 2013 from 12:00 - 1:00 pm
Marquam Room, Mac Hall Cafeteria

Please feel free to bring your lunch

This event is open to all OHSU employees and students. It is the kick-off to a bi-monthly lunch time presentation series provided by TTBD. No RSVP is necessary.
