OHSU policy states all students accepted to education programs with a clinical component must successfully pass an initial drug screening. The policy was established to promote the health, safety, and productivity of students and patients in their care. In addition, successfully passing a drug test is a requirement of attendance and is an acceptance contingency as stated in your initial acceptance offer letter. The drug testing program consists of pre-clinical experience testing of students and ‘for cause’ testing for any student suspected of being under the influence of unlawful drugs or alcohol during their course of study.

Testing will be available from June 6, 2016 through July 15, 2016. Incoming PA students are required to complete a drug test at one of the authorized collection sites listed below or on or before July 15, 2016. ‘For cause’ testing will occur as deemed necessary and may include urine testing for unlawful drugs, and breath or blood testing for alcohol.

Please be aware that drug and alcohol test results will be considered confidential as required by federal and state law and may only be reviewed by OHSU officials and affiliated clinical facilities in accordance with the Family Educational Rights and Privacy Act (FERPA). Drug and alcohol testing reports and any submitted health information of students shall be maintained at OHSU in accordance with the OHSU record retention policies for student records.

Be advised that OHSU students from other departments will be using these same sites later in the summer so you may have longer wait-times if you put-off taking the test. Contact Colleen Schierholtz or schierhc@ohsu.edu if you have any questions regarding drug testing.

Instructions for Student Testing:

- **Fill out** the Legacy MetroLab Drug Test Registration form with name, date, & University ID number
- **Print a copy** of the form and **bring it with you to the testing site**
- Report to a designated collection site within the dates listed above (no need to make an appointment)
- Bring Government Photo ID with you (OHSU student badge is not required)
- Bring the Legacy MetroLab Drug Test Registration form (they keep the form)
- The cost is included in your student fees so you will not need to pay anything at the time of service
- Allow at least 30 minutes for your appointment
- The last testing appointment is scheduled a minimum of 30 minutes before the site closes
- Lines are generally shorter in the morning but this depend on how many others are waiting to be tested
- Avoid drinking excessive amounts of liquids (it will dilute the sample and another test will be required)
- You will only be contacted if there is a problem with your sample (you may assume your test was negative if you are not contacted for an additional test)
