Grantee Orientation Webinar

Community Partnership Program
Grant Cycle 2022-1

PRESENTED BY: Blanca Cisneros BA, Amy Wilson MPH and Alex Dest MPH

[Click here to view recording](#)

Password:Knightcpp2022-1!

Agenda

- **Part I – CPP Orientation**
 - Overview of Community Partnership Program
 - Project Preparation Period Activities
 - Technical assistance overview
 - Networking & Collaboration Opportunities
 - Communications Toolkit
 - Grant Reporting Guidelines
 - Important Updates
 - Next Steps
- **Part II – Human Subjects Protection Overview**

Community Partnership Program Overview

Program Mission

The mission of the Community Partnership Program is to work hand in hand with Oregon communities as allies in the Knight Cancer Institute's efforts to end cancer as we know it. We will:

Support

- Oregon communities in understanding and addressing their most pressing cancer-related needs.

Enhance

- Collaboration between Oregon communities and OHSU to address cancer in Oregon.

Foster

- Skills and abilities of communities to enhance long-term sustainability.

Congratulations!

Tier	Organization	City
Tier 1	Samaritan Health Services, Inc.	Corvallis
Tier 1	Best Health Consult LLC	Klamath Falls
Tier 1	Adventist Health Portland Foundation	Portland
Tier 1	Southern Oregon Friends of Hospice	Medford
Tier 2	Komak	Beaverton
Tier 2	Good Shepherd Health Care System	Hermiston
Tier 3	Oregon School-Based Health Alliance	Portland
Tier 3	St. Paul Missionary Baptist Church	Portland
Tier 3	Thadd's Place	John Day

Program Impact

Funded projects have impacted all 36 Oregon counties

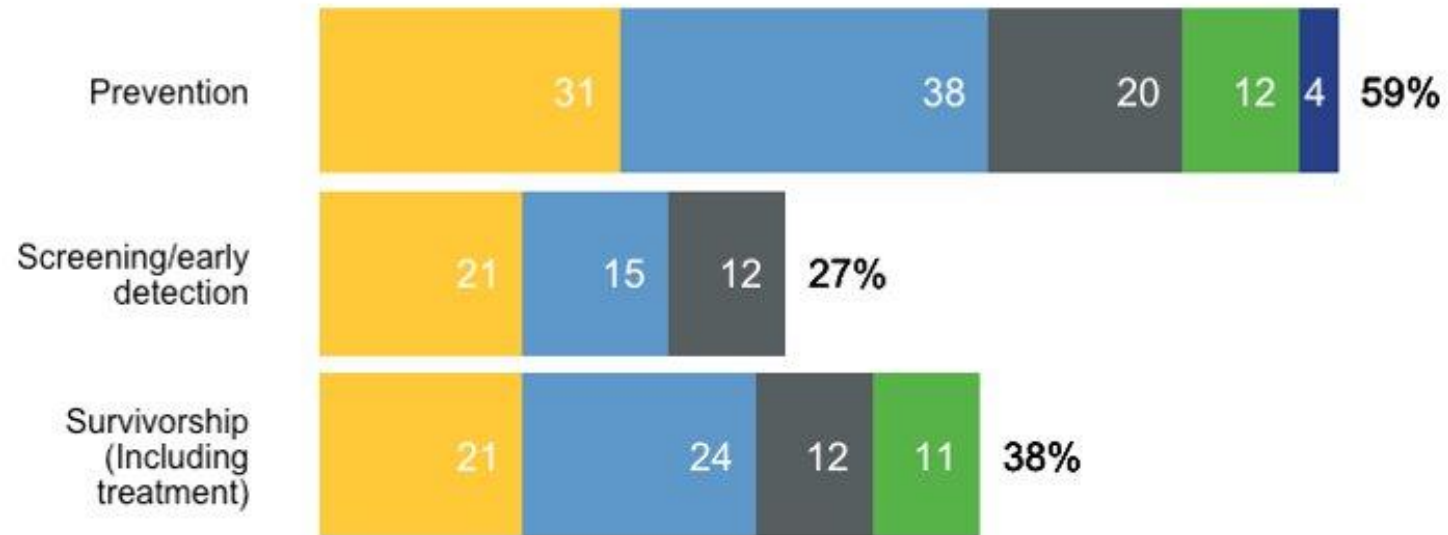

Geography

81% of funded projects include a focus on rural areas

Cancer Continuum and Tier

Funded projects span the cancer continuum

Cancer Type

54 proposals focus on specific cancers

Cancer Topic

120 projects focus on one or more cancer-related topics

Race and/or Ethnicity

63 funded projects focus on a particular race and/or ethnicity

Unique Populations

89 projects target at least one unique population

Grantee Resources

- **Technical Assistance:** OHSU-supported assistance to build capacity of grantees in evaluation planning and human subjects protection oversight
- **Skills-Building:** Opportunities to increase knowledge of best practices for community cancer research and programming
- **Networking & Collaboration :** OHSU-hosted opportunities for collaboration and peer-to-peer learning

Project Preparation Period

Technical Assistance Support

Project Preparation Period

- Now through July 1, 2022
 - Time dedicated to technical assistance and initiation of administrative requirements
 - Completion time varies from project to project
- **Activities:**
 - Sign award agreement and submit current W-9
 - Participate in individual kick-off call to:
 - Finalize evaluation tools and plans
 - Discuss training topics of interest
 - Initiate Research Determination Checklist to CPP and/or Request for Determination to IRB to determine if human subjects research; full study submission if applicable
 - **Tier 1:** Create work plan/timeline (optional)

Evaluation Team

Amy Wilson, Alex Dest

- Assigned evaluator will work closely with you and your team to:
 - Ensure outcomes are feasible and measurable
 - Identify/recommend tools for collecting data (evaluation)
 - Modify proposed approach, if applicable
 - Supporting the Research Determination Checklist and/or Request for Determination submission process
- Facilitate evaluation-related trainings and resources to grantees

Human Subjects Protection

Human subjects protection supports community grantees in protecting and minimizing risks to people who choose to participate in research projects.

All grantees are required to submit a Research Determination Checklist to CPP and if needed, a Request for Determination to an Institutional Review Board (IRB) and/or obtain IRB approval.

Stay tuned for more!

Skill-Building

- Trainings opportunities will be available to grantees throughout the project period.
- During kick-off calls, TA team will ask questions about training topic interests/needs, preferred format/timing, etc.
- Based on grantee feedback, planned trainings and technical assistance opportunities will be shared in August 2022.

Networking & Collaboration

Individual Projects

- Mid-project check-ins/site visits

Peer-to-Peer

- Regional grantee networking sessions
- Grantee workshops

CPP Program-wide

- Quarterly grantee newsletter
- Grantee conference (Oct 4-5 in Portland, OR)
- Grantee resources page

Individual Projects

Mid project check-ins/site visits

- 5-7 months into project
- Projects in action: let us know of scheduled grantee activities we can attend/observe

Peer-To-Peer

Grantee workshops

- Virtual trainings with dedicated time for grantee networking to discuss common successes, challenges, etc.

Regional grantee networking sessions

- Details to be determined
- Opportunities for grantees to plan/host if desired to meet more often!

All Grantees

Quarterly grantee newsletter

- Updates on upcoming networking opportunities, trainings, funding opportunities, etc.

Grantee Conference

- **Date/Location:** Oct 4-5, 2022 in Portland, OR
- **Share your work!**
- Poster presentations
 - Grantee panel presentations
- **Networking**
- **Resource sharing**
- **Skills-building**

Fees: Knight funds registration & accommodations for up to two participants per funded project.

Communications Toolkit

An opportunity to promote the work your organization will be doing in your community. We want your hard work to be recognized!

- Guidelines for funding announcements and sharing project results
- OHSU branding logistics
- Social media prompts
- Acquiring quotes + approvals from OHSU
- Assistance from Knight Cancer Institute Communications

Are there opportunities to share about your work through local media? Contact us with ideas/questions!

The thumbnail shows the cover page of the 'Communications Toolkit for organizations funded through the OHSU Knight Cancer Institute Community Partnership Program'. It includes the OHSU Knight Cancer Institute logo, the title, and a list of sections: 'Guidelines for all Communications', 'Acknowledgement of Funding Source', 'Logo Usage', 'Program Name Usage', 'Program Description', and 'Quotes'. The page is dated November 2019 and includes contact information for the Community Partnership Program representative.

 Updated: November 2019

Communications Toolkit for organizations funded through the OHSU Knight Cancer Institute Community Partnership Program

Increasing awareness of the OHSU Knight Cancer Institute Community Partnership Program's funded projects is crucial to the program's success. We encourage you to promote your funded project in your community. Share your news using the following communication guidelines, and see the tips and advice for announcing newly funded project and end-of-project results.

Guidelines for all Communications

Acknowledgement of Funding Source

All communication materials about the funded project, including, but not limited to media releases, newsletters, publications, websites, brochures, social media, video and radio should include an acknowledgement that funding for the project is provided in part by the OHSU Knight Cancer Institute Community Partnership Program.

The OHSU Knight Cancer Institute may be referred to as a collaborator or supporter on funded projects, but may not be referred to as a partner.

Logo Usage

The OHSU and OHSU Knight Cancer Institute logos may not be used without permission. The logos are not available for use on media releases, websites or other communication materials produced about projects funded through the Community Partnership Program.

Program Name Usage

The Community Partnership Program should be referred to on first reference as the OHSU Knight Cancer Institute Community Partnership Program. After first reference, the program should be referred to as the Community Partnership Program.

Program Description

Sharing a description of the Community Partnership Program in communication materials is encouraged; please use the following language when doing so:

The OHSU Knight Cancer Institute Community Partnership Program is designed to build sustainable collaborations with Oregon communities by providing grants and other resources to foster development of community-identified cancer prevention, early detection, treatment and survivorship projects. The OHSU Knight Cancer Institute has made a decade-long commitment to invest in this program to develop robust, sustainable programs that benefit the health of all Oregonians. Additional information about the program is available on the OHSU Knight Cancer Institute's [website](#).

Quotes

If your organization would like to include a quote from an OHSU Knight Cancer Institute representative in a media release or other communication, please contact us to discuss your needs, and allow five business days to receive an approved quote.

Questions? Contact a Community Partnership Program representative at KnightCancerCRO@ohsu.edu Page 1 of 5

Final Project Report (FPR) Guidelines

The report is a three-step process:

1. Contact CPP to set up a FPR consult (30 days prior to due date)

Online Portal

2. Submit the final project report in the online portal
3. Submit all supporting documents
 - a. Evaluation tools
 - b. Data summaries
 - c. Outreach and engagement materials
 - d. Photos (if applicable)

Final Project Report Guidelines

Projects are required to report on:

- Objectives
- Reach (participants)
- Evaluation/assessment (tools used, associated preliminary findings)
- Collaboration/partnerships
- Strengths, successes and benefits
- Barriers, challenges, lessons learned
- Sustainability & future plans
- Participation in technical assistance support

Report guidelines available on [Grantee Resources](#) webpage

- Online form available 90 days prior to project end date
- Final reports due 30 days after project period end date

Grantee Resources Page

1. Orientation webinar
2. Communications toolkit
3. Research Determination Checklist and Request for Determination guidance and templates
4. No cost extension and final report instructions
5. Grantee conference

The screenshot shows a webpage titled "Resources for Community Partnership Program Grantees". On the left is a vertical navigation menu with the following items: "Community Outreach and Engagement", "For Community Members", "For Researchers", "Community Events", "Community Grants" (which is expanded to show sub-items: "Tiered Grants", "Community Action Model", "How to Apply", "Applicant Resources", "Grantee Resources", "Funded Projects", "Community Grants FAQ", and "Leadership"), "Community Sponsorships", "Internship Opportunities", "Knight Cancer Network", "Clinical Collaborations", and "Research and Education". The main content area on the right features a header image of people in a meeting, followed by introductory text: "See below for documents and guidance for Community Partnership Program grantees. These resources will be useful at many stages during your grant." Below this is a "Contact us if you have any questions." link. The page is organized into sections: "Grantee orientation webinars" with a link to view recordings and a list of four webinar recordings from 2019-2021; "Communications toolkit (used throughout projects)" with a link to the toolkit; "Request for IRB Determination guidance and template" with links to templates, examples, and form instructions; "No-Cost Extension guides" with a link to the 2018-1 guide; and "Final Project Report guidance" with a link to the 2021 notes.

Important to know

- **Project Start/End Dates**

- Start: August 1, 2022
- End: July 31, 2023

- **Funds Distributions**

- Dependent on research determination and if applicable, IRB approvals – *this can take up to several weeks/months*
- If not research - payment processed upon this designation
- If human subjects research - 10% funds payments distributed; remaining balance submitted upon receipt of IRB approval documentation
- If you hold two active grants, one must end before initiation of/payment for this newly funded project

- **No Cost Extensions**

- Available to all grantees in good standing
 - *We will notify you when time to apply (90 days prior to end date)*

Part II: Human Subjects Protection

Alexandra Dest, MPH

Amy Wilson, MPH

Evaluation Research Data Analysts

Agenda

- Human subjects protection and the Institutional Review Board (IRB)
- What to expect in the Human Subjects Protection process for your project
- Completing a Research Determination Checklist and/or Request for Determination form

Human Subjects Protection

What is it?

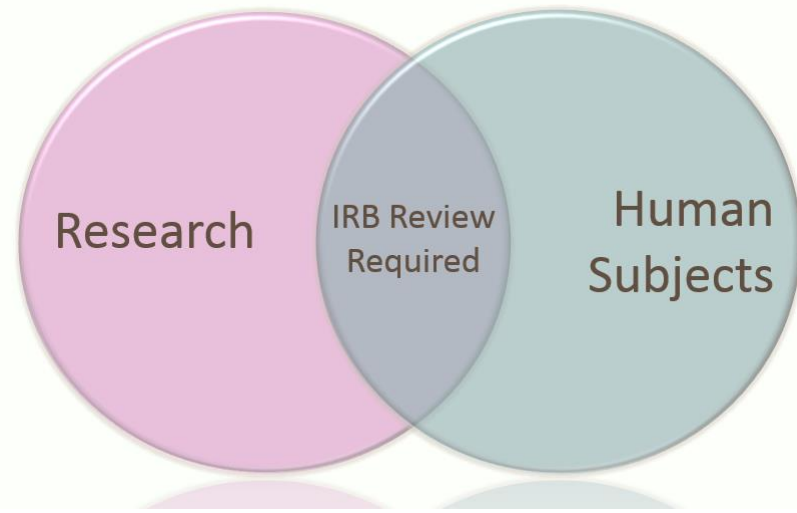

The steps taken to be sure people who choose to participate in a research project are protected from any potential harm that may result from their participation.

Institutional Review Board (IRB)

Among other things, IRBs are responsible for:

- ❑ Protecting the rights and welfare of all human subjects or research participants
- ❑ Providing approval and oversight for all projects determined to be human subjects research
- ❑ Ensuring compliance with federal regulations

HSR Key Components for CPP Projects

Purpose

Generalizability

OHSU Involvement

Does your project aim to address a need **within** your specific community and/or organization?

Is it your **intention** that the results of this project be applicable only to your community and/or organization?

“What about the data we collect?”

Only collect data necessary to accomplish your project aims

Store all information securely and give access to those that need it

And just a note

Anonymous vs confidential does not impact whether or not it is research

- **Anonymous:** no identifiable is collected and linked to responses
- **Confidential:** identifiers collected and may be linked to responses but not reported or shared

QI/Evaluation or Research

What is the difference?

Definition of Research

A systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. ([45 CFR 46.102\(d\)](#))

General Characteristics of Quality Improvement vs. Research

Quality Improvement

- Implement change according to mandates of hospital's Clinical QI program
- Improve process or delivery of care with established/accepted methods
- Implement systematic monitoring to ensure existing quality standards are met
- All participants receive standard of care
- Improve performance in a specific program

Research

- May be funded by an external research agency
- Answer a research question/tests a hypothesis
- Uses research design: Group comparisons, randomization, control groups, prospective comparison, cross-sectional, case-control, etc.
- Develops new paradigms or untested methods, establishes a new clinical practice standard
- Follows a protocol that overrides clinical decision-making
- Develop or contribute to generalizable knowledge

Human Subjects Protection Process

Research Determination Checklist

- Checklist document completed by grantee and returned to CPP staff to determine if further action is needed, or if project is not research

Request for Determination form (RFD)

- OHSU IRB determines the project's intent and level of engagement in research
- Our team will support you in completing and submitting this form for your project

Full IRB Review

Completing the Research Determination Checklist

COMMUNITY PARTNERSHIP PROGRAM (CPP) RESEARCH DETERMINATION CHECKLIST

<i>CPP Staff Use Only</i>	
Organization:	_____
Submission ID:	_____
Staff Reviewed:	_____
<input type="checkbox"/> No RFD required	
<input type="checkbox"/> RFD required	

Project Purpose

- This project is a public health project, program evaluation, and/or quality improvement/quality assurance project.

Generalizability

- This project aims to address a need within my specific community and/or organization.
- We do not intend for the results of this project will be applicable in other communities and/or organizations.

OHSU Involvement

- OHSU will act as a funder and provide general technical assistance (e.g., evaluation support) via the Knight Cancer Institute Community Partnership Program.
- OHSU will not intervene or interact with human subjects or participants for the project.
- OHSU will not obtain individually identifiable private information about human subjects or participants for the project.
- OHSU will not obtain informed consent of individuals for participation in the project.

Protected Health Information

- This project may collect health information and/or identifiable information (including but not limited to name and contact information) of participants. Only data necessary to accomplish project aims will be collected. All information will be securely stored and managed by our organization, in accordance with any applicable HIPAA regulations.

If all of the above statements apply to your project, no further oversight is needed.

Any changes to your project may require a submission to the Institutional Review Board (IRB). It is normal for the scope and/or direction of a grant funded project to change. We encourage all grantees to adapt project activities as needed and to collect the data necessary to successfully meet their objectives. Our intent is to support organizations by ensuring the appropriate level of protection and oversight from OHSU's IRB throughout the duration of the project.

Examples that may require a reassessment include but are not limited to:

- Changing the overall intent of the project (e.g., from quality improvement to research)
- Changing plans around how results will be used and/or shared

If you're proposing a change to your project's design, scope, and/or data collection methods, follow the steps below:

- Contact the CPP team at KnightCancerCRO@OHSU.edu to discuss the change. They can help determine whether additional steps need to be taken.
- Project activities involving human subjects (including participant recruitment, data collection, etc.) must wait until it is determined whether the project needs to go through further OHSU IRB determination. You will be notified when your project activities can resume by CPP staff.

Name of Primary Contact

Signature of Primary Contact

Date

Possible Checklist outcomes

- **No**, your project is not considered human subjects research based on what you reported to CPP
 - No further IRB action needed, unless project design changes
- **Potentially**, your project may be considered human subjects research or it is unclear based on what you reported to CPP
 - Submit a Request for Determination (RFD) form to the OHSU IRB
 - You will receive a formal determination from the IRB whether the project is considered research or not

We will support your team through this multi-step process!

Completing the Request for Determination Form

Request for Determination Form

Version **PEFarris-OCTRI+Knight Tool**
Publish date March 27, 2020

Research Integrity Office
Mail Code L106-RI
Portland, Oregon 97239-3098
Phone: 503.494.7887
Fax: 503.346.6808

Community PI Name: Add name of person responsible for project oversight eIRB _____
Research Navigator Name: _____
Project Title: [CPP IRB Pilot] Add project title _____

INSTRUCTIONS

Use this form when:

- You are not sure if your project requires human subjects' protection (Institutional Review Board=IRB) oversight, or
- You would like a formal determination from the IRB as to whether the project requires human subjects' protection oversight, or
- You are conducting genetic research with samples, information or data that are not individually identifiable to the research team.

Complete the entire form unless your response to a particular question instructs you to skip ahead.

Upload the form to the eIRB in place of, or in addition to, a protocol (your project's plan).

If your project meets the definition of Research (Section 1), includes Human Subjects (Section 2), and OHSU is Engaged in the research (Section 3), you should submit a new study with a full protocol instead of submitting this form.

Section One – Research | Evaluation | Study

Your project goal is to prove or study whether a new idea can help or improve something; this is research. Research is a **systematic investigation**, including research development, testing and evaluation, designed to develop or contribute to **generalizable knowledge**.

- This project is research. → **Skip to Section Two.** Only select this box if the intent of your project is specifically research.
- I don't think this project is research, or I am not sure. → **Answer the questions below:** Select this box if you aren't sure and would like the IRB to make this determination. This is the recommended option to select.

1.1. Is this a case study of a single patient or a case series of three or fewer patients? If so, describe. *Note: Inclusion of more than three patients is generally considered research.* The answer here is typically 'No,' unless your project will involve three or fewer participants.

1.1.1. If yes, will it involve testing of biological specimens for non-clinical purposes? If so, describe.

1.2. Is this a quality improvement/quality assurance, program evaluation, or public health project? If so, explain. (These types of activities may not meet the definition of research. See the *Quality Improvement or Research? Quick Guide on the IRB Policies and Forms web page for more information.*) Briefly describe the overall intent of your project (can pull from question 1 on CPP proposal). If this is a continuation, reference that this project builds on a previously funded CPP project. The CPP team will then add the IRB number for your previously reviewed project.

Possible RFD outcomes

- **No**, your project is not considered human subjects research by OHSU IRB
 - No further IRB action needed, unless project design changes
- **Yes**, your project is considered human subjects research by OHSU IRB
 - Submit additional documents and information about project to the IRB

We will support your team through this multi-step process!

Follow Up and Payment

Project Changes

- If you plan to make changes to the design or intent or your project, reach out to us. Depending on the changes, you may need to complete an RFD, but we will support you through this process.

To move forward for payment:

- Must confirm project (via checklist) does not meet definition of research involving human subjects OR receive IRB approval OR a not human subjects research determination from the IRB

Next Steps

- 1. Award Agreement:** Receive, sign and return along with current W-9 form in online portal
- 2. Technical Assistance Support**
 - Respond to kick-off call scheduling email
 - Review and draft Research Determination Checklist
 - Review Communications Toolkit
 - TA team will support you to finalize plan & tools
