**Independent Auditors' Report on Compliance for Each Major Program;
Report on Internal Control over Compliance; and Report on Schedule of
Expenditures of Federal Awards Required by the Uniform Guidance**

The Board of Directors
Oregon Health & Science University:

Report on Compliance for Each Major Federal Program

We have audited Oregon Health & Science University's (OHSU) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of OHSU's major federal programs for the year ended June 30, 2016. OHSU's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of OHSU's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about OHSU's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of OHSU's compliance.

Opinion on Each Major Federal Program

In our opinion, OHSU complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs the year ended June 30, 2016.

Report on Internal Control over Compliance

Management of OHSU is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered OHSU's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of OHSU's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of OHSU as of and for the year ended June 30, 2016, and have issued our report thereon dated October 28, 2016, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

See accompanying notes to schedule of expenditures of federal awards.

OREGON HEALTH & SCIENCE UNIVERSITY

Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2016

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes all federal award activity of Oregon Health & Science University (OHSU) under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200 (2 CFR 200), *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of OHSU, it is not intended to and does not present the financial position, changes in net assets, or cash flows of OHSU.

(2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

(3) Indirect Cost Rate

OHSU has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

(4) Federal Student Loan Programs

The federal student loan programs listed subsequently are administered directly by OHSU, and balances and transactions relating to these programs are included in OHSU's basic financial statements. The basis used to determine loans expended shown on the Schedule is the amount of new loans made or received during the fiscal year plus the balance of loans from previous years for which the federal government imposes continuing compliance requirements, plus any interest subsidy, cash, or administrative cost allowance received.

	<u>Loans outstanding at the beginning of the fiscal year</u>	<u>New loans processed during the fiscal year</u>	<u>Administrative Cost</u>	<u>Total loans on the Schedule of Expenditures of Federal Awards</u>	<u>Outstanding balance at June 30, 2016</u>
Perkins loans	\$ 6,194,376	\$ 1,910,316	\$ 78,723	\$ 8,183,415	\$ 6,980,594
Nursing faculty loans	634,639	165,117	—	799,756	739,506
Health professional loans - Dental	4,115,537	523,820	—	4,639,357	3,752,629
Health professional loans - Primary Care	857,264	58,005	—	915,269	743,682
Nursing student loans - Undergraduate	1,792,791	491,229	—	2,284,020	2,001,343
Nursing student loans - Graduate	27,568	—	—	27,568	25,723

(5) Student Financial Aid Expenditures and Administrative Costs

Student financial aid program expenditures represent payments to students, which include each program's cost sharing or matching amount. The student financial aid program expenditures include amounts representing administrative allowances. Administrative allowances totaling \$99,643 were claimed in the fiscal year ended June 30, 2016.

OREGON HEALTH & SCIENCE UNIVERSITY

Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2016

(6) Subsequent Events

Subsequent to OHSU's fiscal year end, the U.S. Department of Justice filed a complaint against OHSU under the False Claims Act challenging that the indirect cost rate used for research conducted in Building 637 on the west campus (which houses scientists for both the Oregon National Primate Center Research Center and the Vaccine & Gene Therapy Institute) was inappropriate. OHSU is defending against these allegations. While the final outcome cannot be determined at this time, management is of the opinion that the liability, if any, for these legal actions will not have a material adverse effect on OHSU's financial position, change in financial position, or cash flows.

OREGON HEALTH & SCIENCE UNIVERSITY

Schedule of Findings and Questioned Costs

Year ended June 30, 2016

(1) Summary of Auditors' Results

- (a) The type of report issued on whether the financial statements were prepared in accordance with generally accepted accounting principles: **Unmodified**
- (b) Internal control deficiencies over financial reporting disclosed by the audit of the financial statements:
 - Material weaknesses: **No**
 - Significant deficiencies: **None Reported**
- (c) Noncompliance that is material to the financial statements: **No**
- (d) Internal control deficiencies over major programs disclosed by the audit:
 - Material weaknesses: **No**
 - Significant deficiencies: **None Reported**
- (e) Type of report issued on compliance for major programs: **Unmodified**
- (f) Audit findings that are required to be reported in accordance with 2 CFR 200.516(a): **No**
- (g) Major programs:
 - Student Financial Assistance Cluster – CFDA 84.007, 84.033, 84.038, 84.063, 84.268, 93.342, 93.364
 - Research and Development Cluster – CFDA 11.307, 12.420, 12.431, 16.608, 47.050, 47.070, 47.075, 84.133, 93.110, 93.113, 93.121, 93.135, 93.172, 93.173, 93.184, 93.191, 93.213, 93.224, 93.226, 93.233, 93.242, 93.273, 93.279, 93.281, 93.282, 93.310, 93.350, 93.351, 93.358, 93.361, 93.389, 93.393, 93.394, 93.395, 93.396, 93.397, 93.398, 93.837, 93.838, 93.839, 93.846, 93.847, 93.853, 93.855, 93.859, 93.865, 93.866, 93.867, 93.913, 93.959, 98.001, 12.UNK, 66.UNK, 93.UNK
- (h) Dollar threshold used to distinguish between Type A and Type B programs: **\$3,000,000**
- (i) Auditee qualified as a low-risk auditee: **Yes**

(2) Findings Relating to the Financial Statements Reported in Accordance with *Government Auditing Standards*:

None.

(3) Findings and Questioned Costs Relating to Federal Awards:

None.
