Please complete the items listed below before you attend the in class training. You will not get the access you need for your time at OHSU until these have all been completed.

- Confirm with your school coordinator that you are registered for EpicCare training
- Review OHSU Emergency Codes
- Get a copy of your Background Check verification on School Letter head
- Authenticate your Network ID and create your password using the Citrix download
  - It would be helpful to write your Network ID and password on the top of this page as you will need it for completing the online modules and for when you log in to Epic
- Log into Compass with your OHSU network ID and the password that you created in Citrix
- COMPLETE the on-line courses in Compass for your ID badge
  - Information Privacy and Security Essentials (IPSE)
  - Respect at the University (RAU)
  - Integrity Foundations.
  - Abuse, Neglect, and Domestic Violence
- COMPLETE Compass modules before attending the in class training
  - Omnicell Nurse Patient Care Training
  - Glucometer Module
- Once your Omnicell request has been granted, you will receive an e-mail notification with your username and an attestation. Select ‘yes’ for the question and submit it. Your access will be live within 24 hours.
- Get your ID Badge (Before you start your clinical)

- Your Epic Access will be granted 2-3 business days AFTER all EpicCare training has been completed.
