

CONFERENCE OBJECTIVES

1. Identify the core elements of palliative care and hospice and how they may be integrated into clinical practice by primary care providers.
2. Learn effective communication skills and describe approaches for conversations and care of patients with serious illness.
3. Identify spiritual needs specific to serious illness and learn skills to improve patient care.
4. Distinguish between appropriate and inappropriate use of the POLST form in advance care planning, and describe strategies for resolving conflicts between patient preferences expressed via POLST.

TARGET AUDIENCE

Designed for physicians, nurses, social workers, pharmacists, chaplains, psychologists and other allied health care professionals involved in care of patients with serious illness.
