

## CONFERENCE OBJECTIVES

1. Identify the core elements of palliative care and hospice and how they may be integrated into clinical practice by primary care providers.
2. Learn effective communication skills for opioid medication management, conversations near the end of life, and spiritual care.
3. Describe approaches to the care of patients whose illnesses are related to life stress or trauma.
4. Develop skills in identifying and addressing caregiver fatigue and burnout.

## TARGET AUDIENCE

Designed for physicians, nurses, social workers, pharmacists, chaplains, psychologists and other allied health care professionals involved in care of patients with life-threatening illness.

## SPONSORS

This conference is co-sponsored by the OHSU Center for Ethics in Health Care and Tillamook Regional Medical Center.
